## STATE ASKED FOR EXTENSION OF DEC. 1 ORDER

Gettysburg borough is hoping for word from the state that it can continue to use its dump along Rock Creek in Cumberland Twp. for a further period of time until it can complete arrangements for a sanitary landfill method of disposing of the borough debris.

Harold Ecker, chairman of the Health committee of council, said today that the borough has written the state Department of Health asking an extension of time on the closing of the present dump, but that no response has been received so far.

The state has handed down an order that the open dump in Cumberland Twp. must close on Monday, December 1.

Ecker said that the site of a proposed land-fill operation had been abandoned when it was found that the water table was too near the surface, but that efforts are being made to secure another site.

He said he did not know what would be done Monday if no extension of the deadline is received, but said that it is anticipated that the state will permit the extension because at the time the deadline was set officials of the state had stated there was a possibility of extension if it was apparent that the borough was making efforts to solve the problem.

## COURT RULES IN EQUITY ACTION

The Adams County court this morning handed down an opinion in the exceptions to the decree nisi filed in the equity action brought by Hugh K. Hamm, Hanover R. D., against his nephew, Walter J. Hamm, New Oxford R. D., over ownership of the farm.

The court, in a previous opinion, held that the Hamms were operating the farm as partners and that the younger Hamm must make an accounting to the elder Hamm of the operation of the partnership.

Walter Hamm filed exceptions claiming that there was no partnership in the operation of the farm, but that the relationship between uncle and nephew was that of landlord and tenant.

In its opinion today the court held that "all of the attending facts and circumstances indicate the existence of a partnership relation."

As a result the exceptions were dismissed "and the prothonotary is directed to enter the decree as a final decree. The defendant is directed to file in this court, within 60 days, a full and correct statement of all accounts of said partnership business from 1946 to 1953 and the partnership assets sold by the defendant or in his possession."

## Local Couple Is Married Friday

Clyde Ray Woodward, S. Washington St., and Janet Louise Sadler, Water St., were united in marriage Friday evening in a double-ring ceremony performed at 7 o'clock in the parsonage of the Memorial Evangelical United Brethren Church on W. High St. The Rev. Harry Fehl Jr., pastor, officiated.

The attendants were Paul Woodward, a brother of the bridegroom, and Mrs. Bessie Yingling, mother of the bride. Other members of the two families witnessed the ceremony.

Mr. Woodward, a veteran of World War II service in France and Germany, is employed here by the Manufacturers Light and Heat Company.

The couple will reside at 217 Steinwehr Ave.

## RURITAN CLUB NAMES WILSON AS PRESIDENT

Oren H. Wilson, Gettysburg R. 4, who was the first secretary of the Hunterstown Ruritan Club, was elected as its president at the November dinner meeting of the club Friday evening in the chapel of the Great Conewago Presbyterian Church at Hunterstown. The retiring president, Francis Sterner, presided at the meeting.

Other officers chosen for 1959 include: Vice president, John K. Lott; secretary, Edgar Milhimes; treasurer, Herbert E. Zepp; and director for three years, Emory Sibert.

Cleason Stoner and David C. Myers together with the outgoing president will complete the board of directors.

**Park Debt Nearly Paid**

Treasurer Zepp reported a current balance of $177.34 which includes a profit of $131 the club cleared on a ham supper and $10.25 cleared from a rainy day shooting match. Club members are selling Christmas candy to cover the cost of the Christmas dinner where wives will be guests of the club.

Herbert Blye and David Myers were appointed by President Sterner as an auditing committee.

The club ordered $140 paid on its debt, incurred last year with the purchase of 10 acres of ground which the Ruritan members are developing as a community park for Hunterstown. Only $140 remains to be paid on the debt.

**Greet New Member**

Reports on the recent district convention at Annapolis, Md., were made by Delegates Blye, Lott and Wilson. Mr. Blye was chairman of the resolutions committee for the three-state convention where 240 attended.

Secretary Milhimes announced that the Ruritan national convention will be held in the Sheraton Park Hotel in Washington, D. C., January 25-27. It was also announced that the club's Christmas meeting will be held December 19 at "The Pines" Church at New Chester.

Walter Geiman, R. 4, was introduced as a new member. Twenty attended with Mr. Lott leading group singing and Mrs. Edgar Milhimes at the piano. The ladies of the church served the dinner.

## Towne Restaurant Changes Its Policy

## MISS B. RIDER, JAMES MILNE MARRY TODAY

The marriage of Miss Barbara Anne Rider, daughter of Mr. and Mrs. Allen P. Rider, 821 Johns Ave., and James Lowell Milne, son of Mr. and Mrs. Roy W. Milne, Fairbury, Nebraska, was solemnized this afternoon at 2 o'clock in St. Francis Xavier Church. The double-ring ceremony was performed by the Rev. Fr. Alexis Arnoldin.

The altar was decorated with yellow and white pompons. Mary Eberhart was organist and Mrs. Francis A. Rider, sister-in-law of the bride, was soloist.

Given in marriage by her father, the bride wore a white lace street length dress with a white feather profile hat. She carried white carnations on a prayer book covered with white taffeta, a family heirloom.

**Reception Is Held**

The maid of honor was Mrs. Maurice J. Felix, Gettysburg R. 2, sister of the bride. She wore a royal blue sheath dress and carried a nosegay of mixed flowers.

Francis A. Rider, 703 Johns Ave., brother of the bride, served as best man. Ushers were Dennis Daun, Kenosha, Wisconsin, and Roger Huss, Fairbury, Nebraska.

The bride's mother wore a navy lace street length dress with a yellow carnation corsage. The mother of the bridegroom was unable to attend.

A reception was held in St. Francis Xavier social room.

**Live In Arlington**

Upon their return from their honeymoon, the couple will reside at 2011 South 4th St., Apt. 8, Arlington, Va. For traveling the bride chose a navy knit suit.

The bride is a graduate of St. Francis parochial and Gettysburg High Schools. She is employed as secretary for the U. S. Army Communications Agency, Ft. Myer, Va.

The bridegroom is a graduate of Fairbury High School and is now stationed with Headquarters and Operations Detachment, U. S. Army Communications Agency, Ft. Myer, Va.

Out-of-town guests were from Washington, D. C.; Arlington and Falls Church, Va., and Philadelphia and Mechanicsburg, Pa.

Three Adams County men are now taking eight weeks of basic training in the U. S. Army at Fort Dix, N. J.

The enlistees, Thomas J. Winter, 23, son of Mr. and Mrs. Thomas J. Winter, 225 Springs Ave.; Gonzalo C. Valdivieso, 26, Gettysburg R. 1, son of Mrs. Valdivieso, Quito, Ecuador, and Lawrence E. Baker, son of Mr. and Mrs. Donald Baker, East Berlin R. 1.

Winter attended Gettysburg High School and Gettysburg College; Valdivieso attended school at Guayaquil, and Baker attended York Springs High School and was formerly employed by the C. H. Musselman Co., Biglerville.

After the first eight weeks, a two-week leave will be given. They will resume eight more weeks of advanced infantry training. They will either be enrolled in one of the specialist schools conducted at Fort Dix or be transferred to another Army post for training in one of the techincal schools.

Winter and Valdivieso are assigned to "K" Company, 3rd Training Regiment, and Baker to "C" Company, 4th Training Regiment.

## Aged Spinster Is Freed Of Homicide In Sister's Death

MEDIA, Pa. (AP)—"I kept my promise."

With those words, spoken quietly and without emotion, white haired spinster Anne Eldredge, 71, told a Delaware County coroner's jury why she allowed her 77-year-old sister, Irene, to take a lethal dose of sleeping pills last Oct. 16.

The jury called Irene's death homicide. A judge dismissed the charge against her sister.

Anne told how her sister, afflicted by severe headaches, attempted to take her life four years ago. On that occasion, Anne had her rushed to a hospital in time to save her.

"She often rebuked me for doing that and she made me promise not to do it again. I kept my promise."

The sisters, retired school teachers, lived together in nearby Middletown Township. Last month, Miss Eldredge testified, her sister said, "I cannot endure this pain any longer. I am going to take my own life."

"I told her it was her life and that was what she wanted to do," said Miss Eldredge.

She told the jury how it came about:

Irene took a large quantity of the pills. Then the sisters kissed.

"Now I am going to my mother and a beautiful restful sleep," said Irene as she settled back on the bed. It was 3:30 p.m.

**"Defendant Is Dismissed"**

Anne went into the next room and tried to read.

"I was unable to," she said. "I thought of nothing but my sister. About 8:30 I returned and held a mirror in front of my sister's nostrils. I found she was not living."

The jury met for 20 minutes yesterday and called the death homicide. Miss Eldredge's attorney took her before Judge William R. Toal. She repeated her story.

The judge said he couldn't see "any homicide in this case. There might have been negligence. I don't think there was a wilful criminal act.

"The defendant is discharged."

## SALE BILL FOR COUNTY FARM AUCTION GIVEN

The barn, hog pens, chicken houses and even a smoke house will be for sale at the county home December 18, according to the advertisement of the Adams County Institution District appearing today.

The public sale notice of the farming equipment of the Adams county farm lists among the articles to be offered for sale, the 48 by 100 foot brick and frame barn at the county home, the 40 foot high concrete silo, the 36 by 45 wagon shed, the corn crib, hog pen, feed shed, both chicken houses, the smokehouse, wash house, wood shed and butcher house at the county home.

Other articles listed as for sale are the more normal type thing found in public sales — ten cows, five heifers, three heifer calves and a bull calf, 20 pigs, 60 shoats, two milkers, tractors, cultivators, harrows, wagons, hay, corn, straw, and the usual "articles too numerous to mention."

Edwin Benner and Clair Slaybaugh are to be the auctioneers for the sale which will begin at 12 noon at the county home on December 18.

The commissioners said today that those purchasing the barn, sheds, etc., will be allowed sufficient time to remove the structures after purchase adding that the actual length of time will be announced "at the time of sale."

Removal of the farm buildings and equipment is a first step toward eventual sale of the county home farm land. The commissioners have advertised the land as being for sale eventually, but no formal action has taken place as yet setting the exact time for the sale of the land.

The plan to go out of farming was decided upon because of the difficulty of making farming a profitable operation for the county, the commissioners noted in appealing to the court to permit the sale of the farm equipment.

## Coldest Weekend Is Forecast Here

The coldest weekend so far this season was in prospect today with icy breezes from the west holding morning temperatures below the freezing point and with new lows forecast for tonight. The prospect is for freezing temperatures throughout Sunday.

Friday's rain that began as snow and then turned to sleet and rain brought 1.33 inches of water to this area and helped cut a fall shortage of rainfall.

November now has 3.12 inches of rainfall, a quarter inch above normal for the month. October had only 2.18 inches of rain and was short 1.11 inches of its normal supply.

## MORE SPORTS FIGURES ADDED FOR DEC. 10TH

Four additional prominent sports figures have been added to the list of outstanding sportsmen scheduled to appear at the "All Sports Night" dinner to be held by the Gettysburg Junior Chamber of Commerce Wednesday, December 10, at the Gettysburg High School cafeteria.

Tickets for the event will be $2.50 apiece and the Jaycees are hoping to raise through the "All Sports night" most of the $1,000 needed to provide summer camp for the local high school football team next year.

William Williams, Jaycee general chairman for the event, said the contract has been signed with Camp Shand, near Carlisle, for the local football team to spend a week there late next summer similar to the camp held there for the team this year.

**Tickets Available**

Among the additional sports figures secured for the program are Frank Sinkowitz, former All-American from Duke University and former professional football player with the Pittsburgh Steelers; Wayne Hardin, assistant coach at the U.S. Naval Academy; Dutch Eythe, All American from Carnegie Tech, now chairman of the Eastern Intercollegiate Officials Association, and Dick Sleichter, Gettysburg Country Club pro and Pennsylvania Open champion.

Tickets for the event are available from any member of the Gettysburg High School football team, any member of the Junior Chamber of Commerce, at Faber's, and Britcher and Bender's and also will be available at the door.

It was announced that Gerald Bixler, Bix-Sway operator, has purchased tickets to have the seniors of the hign school football team as his guests at the dinner and the Jaycees are seeking others who may be interested in purchasing tickets to have high school football players as their guests at the event.

Members of the committee in charge include Williams as chairman, Richard Guise, Robert Hixon, Richard Clarke, Donald Chamberlain, Magnus Flaws and Harry Spangler.

## BETTY DORR IS OFF TO CHICAGO

Miss Elizabeth "Betty" Dorr, daughter of Mr. and Mrs. Paul Dorr, Gettysburg R. 1, left Friday noon from Harrisburg's Pennsylvania Railroad station as one of the Commonwealth's representatives in the 4-H Club Congress in Chicago, today through next Thursday. The Hilton Hotel will be the nucleus of all activities.

Betty was chosen for this honor in early October and up to a few weeks ago the Senior Extension Club had been sponsoring square dances in an effort to raise funds for transportation.

While at the congress she will receive a county medal, a pen and pencil set as her state awards. She is qualified to be selected for two national awards, a college scholarship or a trophy for permanent possession.

Approximately 2,000 representatives will converge on the hotel today for the reception at the Hospitality Center as guests of Standard Brands, Inc. The group will have dinner in the Bel Air room and Sunday morning will have a buffet-breakfast in the Beverly room as guests of Olin Mathieson Chemical Corp.

Their last banquet will be held in the grand ballroom which will be followed by a farewell party with social dancing in the Williford Room and square dancing in the Waldorf Room.

### HURT IN FALL ON ICE

Simon Oskolhoff, 28, Scranton, who was visiting Donald Rinehart, Littlestown, was admitted Friday to the Warner Hospital after suffering fractures of bones on the left side of his face. He slipped on ice on steps and fell.

## G. W. DUNSTAN, NEW OXFORD, DIES SUDDENLY

George W. Dunstan, 80, New Oxford R. 2, died suddenly Friday night at 6:20 o'clock near his home of a heart attack.

Dr. C. G. Crist, Adams County coroner, said Mr. Dunstan had been attempting to drive his truck when it became mired in a roadside ditch, a short distance from his home.

Mr. Dunstan returned to his home and telephone a neighbor for assistance. Dr. Crist said the neighbor drove to the Dunstan property in his tractor, pulled the truck out of the ditch and then, not seeing Mr. Dunstan about, went in search of him. The neighbor found Mr. Dunstan lying on the ground near his home.

**Wife Is Cripple**

Dr. Crist, accompanied by state police and Frank Linn, E. Middle St., went to the scene. The coroner was examining the body of Mr. Dunstan when the group heard a bell ringing.

They were told by the neghbor that the bell was being rung by Mrs. Dunstan to call her husband. A cripple, with but one leg, she is confined to a wheel chair, and a system had been devised by the elderly couple so that Mrs. Dunstan could summon her husband by ringing a bell at the house.

The coroner, police, Linn and the neighbor responded to the bell, to break the news to Mrs. Dunstan of her husband's death. The group remained with Mrs. Dunstan until friends from New Oxford could arrive and notice could be given to other friends in Baltimore, to come to care for the bereaved woman who is 85 years old.

**Formerly of Florida**

Former residents of Florida, the couple moved to the New Oxford area 10 years ago. Dr. Crist said they have no relatives.

The body was released to the Fred F. Feiser Funeral Home, New Oxford.

**Was Entertainer**

Mr. Dunstan was a former musician and actor and both he and his wife had been professional singers. Mrs. Dunstan said they had toured this country and sang in a number of foreign countries during their days as professional entertainers.

Mr. Dunstan was a native of Decatur, Ill., and was a son of the late Mr. and Mrs. Andrew J. Dunstan. His wife is the former Mildred Rogers.

The funeral service will be held Monday afternoon at 2 o'clock at the Fred F. Feiser Funeral Home in New Oxford with the Rev. Amos D. Meyers, pastor of the New Oxford Methodist Church, officiating. Interment will be made in Decatur.

## GOP Women Will Meet On Tuesday

The Adams County Council of Republican Women will meet Tuesday evening at 8 o'clock at the Adams Electric Cooperative building, rear of N. Stratton St.

Mrs. James E. Schwenk, Baltimore St., president of the council will report on the 38th annual state convention held at Pittsburgh. Several by-laws will be submitted for adoption. Refreshments will be served. The council announced that dues are payable to the membership chairman, Mrs. Eugene Stetter, Aspers.

### LICENSED TO WED

## Fire Intercontinental Ballistic Missile Friday

By BEN FUNK

CAPE CANAVERAL, Fla. (AP)—The United States may match today Russia's claim of possession of an intercontinental ballistic missile.

A mighty Atlas raced across the Florida sky like a flaming meteor Friday night and the builders of the missile claimed that it traveled the full intercontinental range of 6,325 miles.

Russia is believed to have developed an operational ICBM and to have used it in launching the Sputniks.

The Atlas blasted off at 9:27 p.m. Friday night. Its exhaust flames cast a dazzling white light over the Florida coast, and for a moment it dimmed a great orange moon that hung nearly full over the firing range.

**Perfect Launching**

It appeared to be a perfect launching. "The Beast," as the Atlas is known, curved beautifully away on its thundering course toward the southeast and was in view four minutes before its fuel burned out and its light vanished high in the sky.

A few hours later, in San Diego, Calif., the Convair Division of the General Dynamics Corp.—builder of the Atlas—reported that the 100-ton missile flew the intercontinental range.

If so, this was the long-awaited climax of a test program that started in June 1957, when the first Atlas blew up soon after launching. The Atlas fired Friday night was the 15th test vehicle in the series.

The first eight used only the twin-chambered booster engine in the tail. Four of these flew successfully over 600-mile ranges. The others exploded in tests of guidance and strength.

Since then, Atlas missiles have been powered by the booster engine, a sustainer engine and two ernier engines mounted to the outer shell to control the roll of the 85-foot long weapon.

The first of these fully powered Atlases blew up 45 seconds after launching. The next three flew successfully over 3,000-mile ranges. The next — the first one aimed at intercontinental range—exploded 50 seconds after liftoff.

Another performed well over a 3,000-mile range, setting the stage for Friday night's second attempt to send an Atlas all the way.

## Santa To Have Gifts Tonight

**Santa will have gifts to distribute to the youngsters following his appearance tonight at 7 o'clock on Lincoln Square to tourn on the town's Christmas lights.**

**Members of the Junior Chamber of Commerce, sponsoring his visit, said that Santa will distribute Christmas books donated by L. E. Smith and oranges donated by various local merchants.**

**Similar gifts will be handed out by Santa December 6 during the period from December 13 through 23 when he will be at Santa's Shanty on Lincoln Square regularly.**

## MT. JOY TWP. BARS DUMPING BY ORDINANCE

The Mt. Joy Twp. Board of Supervisors, meeting Friday night, joined the list of townships which have adopted ordinances prohibiting dumping in their areas.

The resolution adopted by the supervisors provides that "no person, association, firm or corporation" may "accumulate, collect or dump, nor permit the accumulation, collection or dumping or any garbage offal, carcass, refuse or rubbish of any kind on any private or public property, including the roads and highways of Mt. Joy Twp."

It adds that "no area, part or parcel of land within the township, public or private, shall be used for the above prohibited purposes" and also holds: "nor shall any garbage, offal, carcass, refuse or rubbish of any kind or nature whatever be transported in any manner over the public roads or highways in said township for the purpose of dumping or accumulation within the township."

**Fine Or Jail Term**

The fine set is from $10 to $50 or 10 days in jail, "for each offense, provided that each day's continuance of a violation shall constitute a separate offense."

Clarence H. Myers is president of the board, Charles H. Gerver the vice president and Orville Newman, secretary.

Secretary Newman said that the supervisors had adopted the resolution at the request of large numbers of residents of the township who had heard rumors of the possibility of establishment of a dumping area in the township and had brought pressure on the supervisors to pass an ordinance prohibiting any accumulation of garbage and debris in the township.

## FILE ANSWER TO WITT SUIT ON INJUNCTION

The Steinwehr Development Corporation Friday afternoon filed an answer with the Adams County court in an equity action brought by Paul F. and Jean E. Witt, Highland Ave., for an injunction against construction of the Howard Johnson Motor Lodge on Steinwehr Ave.

In the answer, the development corporation, through Daniel E. Teeter, its counsel, and S. Blaine Miller, its president, claims that the area between Steinwehr Ave. and Johns St. is a commercial area and alleges that the "purpose and motive" of Mr. and Mrs. Witt "in bringing this equitable action is not for the purpose and reasons alleged by the plaintiff but rather for the purpose of eliminating and restricting competition to a motel or motor lodge entirely or substantially owned and operated by the plaintiffs known as Gettysburg Motor Lodge and located just across Steinwehr Ave. from the proposed construction of the defendant."

The Witts, in seeking an injunction to prevent construction of the Howard Johnson Motel, brought the case for themselves and others in the area, alleging that construction of the motel would cause "irreparable damage" to the property values in the area and holding that the motel site was within an area sold by the Colt Park Co. as a restricted residential area with restrictions against commercialism in the deeds given to the lots in the area.

**"Commercial Area"**

In the answer it is alleged that while some 40 deeds have been given in the main Colt Park area with restrictive covenants in them, the restrictions do not pertain to the area east of Johns St. to Steinwehr Ave. The answer holds that deeds have been given

# SEES RESEARCH WORK ON NEW TYPE REACTOR

Richard Mara co-chairman of the physics department of Gettysburg College, joined more than 40 other deans, professors and instructors from 29 eastern colleges in Pittsburgh last weekend for a firsthand look at progress in developing atomic energy within the electric industry as a heat source for power generation. He was a guest of Pennsylvania Power and Light Company which, along with Westinghouse Electric Corporation, is pursuing a research and development project on the homogeneous slurry type reactor.

PP&L and Westinghouse have been studying the homogeneous reactor concept since mid-1955 in an effort to determine the feasibility of building a power plant using this advanced type of reactor as a heat source.

This reactor type is different in that its uranium and thorium fuel will be in the form of a liquid slurry instead of in the form of a solid fuel common to other reactors. When such a reactor would be put into operation, the chain reaction would be sustained by uranium while thorium would be converted into new uranium to replace the fuel consumed by the chain reaction. Thorium is plentiful and much less expensive than fissionable uranium, permitting low fuel costs with this type of cycle The fuel for the homogeneous reactor would be contained in a slurry which would circulate through the core and heat exchangers where steam would be generated to power conventional turbine equipment.

The homogeneous reactor poses a number of special problems in addition to those common to all reactors. The use of a liquid fuel, something new to present reactor operations, requires the design and development of a special fuel reprocessing system. Also, in the homogeneous type of reactor, because of circulating fuel, the entire primary system becomes radioactive. As a result, the operation, repair and maintenance of the reactor portion of the plant would have to be done by remote control. In turn, special equipment of considerable quantity and extent must be designed and developed.

## Couple Observes 58th Anniversary

Mr. and Mrs. Cecil A. Nary, McKnightstown, are quietly observing their 58th wedding anniversary today. They were married November 29, 1900, in Fairfield, by the Rev. J. F. Mackley. Mrs. Nary is also celebrating her 78th birthday today. She is the former Miss Lottie Maude Riggeal, daughter of the late William and Mary Jane Thompson Riggeal.

The Narys are the parents of seven living children: Cleon Nary, York; Clifford Nary, Fairfield; Mrs. Virginia Sandoe, Biglerville; Mrs. Gladys Baker, York; Mrs. Josephine Decosmo, Cashtown; John Nary, Gettysburg R. 3; and Miss Nellie E. Nary, at home.

Mrs. Nary has been bedfast for the past five years and Mr. Nary aged 80, is in fair health.

## FILE ANSWER

(Continued From Page 1)

to lots in the Johns St. to Steinwehr Ave. area without restrictions and that "the area between Steinwehr Ave. and Johns Street" has been "commercial in nature for many years, prior to the purchase by the plaintiffs of the properties in Colt Park and even prior to the purchase of Colt Park by the owners thereof."

The answer holds that the section between Johns Ave and Steinwehr Ave. is "generally used for commercial or non - residential purposes and is not particularly suitable for residential purposes by reason of the nature of business in the area, noise and the like."

### Ask Court Denial

According to the answer, the use of part of the land between Johns Ave and Steinwehr Ave. for a motel would not disturb the residential character of the Colt Park area and would do no damage specifically to Witt because the lot he owns nearest to the proposed construction is "on another street and approximately two blocks away."

In the request for an injunction Witt had held he could not determine the owners of the Howard Johnson Motor Lodge. In the answer it was stated that the Howard Johnson Motor Lodge is "not actually a legal entity but is a proposed or suggested trade name under which the Steinwehr Development Corporation proposes to operate a motor lodge." In the answer, the court is asked to deny the injunctino asked by Mr. and Mrs. Witt.

### PROPER COURSE

PILOT POINT, Texas (AP)—In ceremonies marking the founding of the Church of the Nazarene here 50 years ago, General Superintendent Dr. Hardy C. Powers said survival of the church "as a vital spiritual force in the space age depends on steering our course" by these four "old landmarks:"

"Authority of the Bible, adequacy of the atonement, reality of Christian experience, and urgency of Christian service."

# Mother And Daughter Are Pensioners Of C. H. Musselman Company, Biglerville; Nonagenarian Started In 1905

The C. H. Musselman Co. has an unusual, if not unique, situation in that it has on its pension roll simultaneously a mother and daughter. In addition, two members of a third generation in the same family are employed by the company

The mother is Mrs. Anna Kesselring, 92, Biglerville, a veteran of 41 years of service with the Musselman firm. Her daughter is Mrs. Grace Diehl, 65, also of Biglerville, who actually began work in the canning operation before her mother.

Mrs. Kesselring started work in the cannery in 1905, two years before Musselman took over the operation on the site of the cooperative canning venture which preceded the Musselman operation in Biglerville. But it was through her daughter that the mother began work there.

Mrs. Diehl, then 12 years old, had been working at husking canning corn in nearby fields, customary summer work among the young folk of the community in that period. She was asked one day if she would like to work in the cannery and agreed that she would. She went to work in the plant.

On the second day of her employment, an inspector asked her how old she was. On getting the answer, he told her she was too young to work there. The girl told her mother of her experience and Mrs. Kesselring decided she would have a try at the job. Thus began the mother's service in the industry.

**Pensioin Plan Started**

Mrs Diehl later worked for Musselman part time and during school vacations. She has been employed regularly in seasonal work for the past 27 years.

Both mother and daughter have served principally as foreladies. Mrs. Diehl continues working for Musselman under an arrangement whereby pensioned employes may work in seasonal occupations. Both are pensioned under a plan started in 1945 which includes seasonal workers.

The plan provides pensions for workers, including those who work only during the canning seasons, beginning, for most, at age 65. In a few cases the pensions become available at a higher age, depending on the age at which the employe began his service.

Mrs. Kesselring retired in 1948 when she was 82. She and her daughter were among the pensioners honored recently at a company dinner, an annual event in which Musselman plays host to its pensioned employes.

**Sons Employed**

Two of Mrs. Diehl's sons, Wilmer and John Roy, are regular employes of the Musselman company. John Roy is an assistant in the printing department and is the company photographer. It is his picture of his mother and grandmother that accompanies this story. Wilmer is a filling machine operator in the jelly department.

Mrs. Diehl and Mrs. Kesselring recall some of the early days in the Musselman plant. Although apples were then peeled by machine, the present more mechanical system was not then in use. Peeled and cored apples were delivered to tables where workers cut them by hand into sections for canning.

The cut apples were placed in buckets and workers were paid by the bucket. The per bucket rate was three cents.

Early days meant harder work and longer hours than at present. Mrs. Kesselring recalls that she was paid 7½ cents an hour when she started and later got 10 cents. "There was many a 10-hour day too," she said.

A 92-year-old mother and her 65-year-old daughter are now pensioners of the C. H. Musselman Company, Biglerville. Mrs. Anna Kesselring (right) points to the year 1907, the year of the founding of the company under the Musselman name. However, she had been working at the plant for two years at that time. Her daughter, Mrs. Grace Diehl, is at the left.

## Lehigh Schedules Three New Foes

**$100,000 TRUST FUND**

DOYLESTOWN (AP)—The will of chemist Earl W. Flosdorf has set up a $100,000 trust fund for Wesleyan University chemistry students. The will was probated on Friday.

Flosdorf, of nearby Forest Grove, shot and killed his wife and himself April 29. He held patents for his work in plasma, virus research and vaccine developments.

**TWINS QUALIFY**

ARDMORE, Pa. (AP) — Twins have qualified to represent the South Atlantic District in the Eastern Skating Championships Jan. 8-10 in Rye, N.Y.

Ann and Mary Batdorf, 13, of Hershey, Pa., qualified last night Ann won the junior ladies singles title, beating out her sister.

Other winners included Carol Shaeffer, 11, Hershey, juvenile girls title winner.

Illinois teams have won the Big Ten gymnastic team title the last nine years.

## Sons Save Father's Life

Brothers Charles, left, and Robert Olson visit their father, Dr. Charles A. Olson, who is recovering in a Farmington, Minn., hospital after his sons saved his life by using a kitchen knife to open his blocked windpipe. Dr. Olson choked on a piece of ham at a wedding anniversary dinner. The brothers used a paring knife to open their father's windpipe and give him air. They used the barrel of a fountain pen as a breathing tube for the incision. Doctors credited the pair with saving Dr. Olson's life. (AP Wirephoto)

## BOY, 8, GETS $5 BANK LOAN

LOS ANGELES (AP)—"May I help you?" asked the banker.

"I want to borrow $5," the boy replied.

"What are you going to do with it?"

"Buy model aircraft carrier kit."

"How much does it cost?"

"Three dollars."

"Then why do you need five?"

"I want to buy some Christmas presents for my mother and father."

Assistnt cashier Mike Musante got out a loan-application form.

Name? Billy Juster. Age? Eight. Married? No. Occupation?

"I go to school—and help my father."

"Do you get paid?"

Yes—15 cents a week."

**Baseball Is Collateral**

"Have you anything to put up as collateral?"

Billy handed over a baseball and glove.

"This ball is just about worn out," said Musante. He and Billy agreed it and the glove weren't worth more than $3.

"I've got bat in the car," Billy said. He ran outside and returned with the bat.

"I think we can lend you the $5," said Musante.

**Billy Signs Note**

Billy signed a note agreeing to repay the loan at 40 cents month. Also 8 per cent interest, the bank's rate for small loans—an additional 40 cents.

"If you don't pay, we may have to sell this collateral and maybe repossess your aircraft carrier," Musante warned.

**Five Silver Dollars**

They shook hands. Musante gave Billy five silver dollars.

Billy's father, Harmon, general manager of a knitting mill, had stood outside in the lobby of the Bank of America branch throughout the transaction Friday. He told Musante the deal's background:

Billy had asked his dad for the $5 loan. Juster told him: "You know, son, when I need money I go to the bank and borrow it."

"Let's go to the bank," said Billy.

Musante told a reporter: "Ordinarily the bank doesn't make loans to persons under 21. This is a case of instructing the younger generation in getting money the way a dad would have to."

## Parole Violation Arrested By FBI

BALTIMORE, (AP)—A 28-year-old South Carolina radio engineer who likes full-blown aliases, was arrested by the FBI Friday. He was wanted for violation of parole from the federal penitentiary at Lewisburg, Pa.

The FBI said his name was Robert Lamar Beaman and that he used such names as Marcus Von Faulkenhortz, Mark V. Fitzgerald and Hans Von Richter as well as the names of such real personalities as Richard Harkness and Henri A. Du Pont.

Beaman was wanted for violating terms of his conditional release from the penitentiary, where he was serving four years for interstate transportation of a stolen car, said the FBI.

He also was wanted for passing bad checks in five states.

## Woman Assaulted; May Lose Eyesight

PHILADELPHIA (AP) — Gladys Rauch, 52, faced impairment of her eyesight today after she was attacked by a thug swinging a pair of heavy duty pliers.

Miss Rauch told police she was walking home from a bus stop Friday night when she was attacked. The man struck her with the pliers on the left side of the face and broke her glasses.

He grabbed her pocketbook containing $50 and fled.

Scene of the assault is a short distance from the street corner where a gang of youths fell upon and fatally beat In-Ho Oh, a Korean graduate student at the University of Pennsylvania, last April.

A race horse in Melbourne has been named Rolling Pin. She is a filly sired by Home Defence.

## Girl Scout News

Intermediate Girl Scout Troop 33, Fairfield, met Monday evening in the scout house. The Tiger Lily Patrol, whose work centered on blending of water colors, drew and painted badges under the direction of their leader, Mrs. Robert Kleppinger. Mrs. Galen Mohler led the Forget-me-not Patrol in Magic Carpet badge work. Tying knots, a second class scout requirement, was practiced by the White Lilacs Patrol, Mrs. Frank Kuykendall, leader. The Adventurers Patrol with their leader, Mrs. Vaughn Dagenhart, completed plans for their weekend camping trip, December 5, 6, and 7, at Camp Happy Valley.

A discussion was held concerning suitable favors for the Annie Warner Hospital patients at Christmas. Sample favors are to be presented at next week's meeting with a final choice will be made. Names were drawn for an among troop members and plans were made for the Christmas party and gifts for parents.

## DEATH

By THE ASSOCIATED PRESS

NEW YORK (AP)—Julius Klorfein, 79, who came to America at the age of 13 with $35 and became a millionaire cigar maker, died Thursday after a brief illness. # HOLIDAY DEATH TOLL HITS 289 ACROSS NATION

By THE ASSOCIATED PRESS

| | |
|---|---|
| Traffic | 222 |
| Fires | 23 |
| Miscellaneous | 44 |
| Total | 289 |

Snow and ice-covered streets added to traffic hazards today and boosted the toll in accident deaths over the Thanksgiving weekend.

Several crashes on the slippery highways were reported as the season's first major storm swirled from the Midwest into areas east of the Mississippi River.

The hazardous driving conditions, however, appeared to have cut down the volume of traffic on highways, especially in the snow-covered regions.

The Thanksgiving weekend also is not regarded as a period of extra heavy traffic such as on other major holidays.

**Continue Through Sunday**

The number of dead in highway accidents since the start of the weekend Thanksgiving at 6 p.m. Wednesday (local time) showed the total running about normally or slightly below for the corresponding period at this time of year. The count is to continue until midnight Sunday.

The National Safety Council did not make a preholiday estimate of the traffic toll. It said, however, that 470 deaths could be expected in a similar 102-hour nonholiday period.

An Associated Press survey covering the 102-hour period from 6 p.m. Wednesday, Nov. 12 to midnight Sunday, Nov. 16 showed a traffic death toll of 394. Other violent deaths included 32 in fires and 121 from miscellaneous accidents.

# ELEVEN BOYS INVESTED IN SCOUT TROOP

Boy Scouts of Troop 111, East Berlin, held their investure service at the Richard J. Gross Post home Monday. Irvin Gross, a member of the VFW, gave the address of welcome.

A year ago there were 10 charter member Scouts, now there are 31 Scouts enrolled. The new Scouts invested are Keith Baker, James Baum, Conrad Bless, Ronald Cook, Edwin Eisenhart, James Eisenhart, Alan McAfee, Michael Roser, Philip Roser, Elmer Wantz and Edward Cramer. Scoutmaster Richard Wise and the senior patrol leader conducted the investure.

Robert Rohrbaugh led devotions, followed by scripture by Harold Lau. The following Scouts were advanced to second class: Robert Baker, James Hoak, Barry Jacobs, James Jacobs, James Menges and Carney Whittington. The following advanced to first class: Robert Cashman, Jeffrey Eisenhart, Lester Herman and Craig Hoke. The Scouts presented their mothers with pins matching their own ranks.

**Name Patrol Leaders**

Lester Herman was selected for senior patrol leader. Robert Rohrbaugh was selected for patrol leader and Barry Jacobs for assistant patrol leader.

Gross presented service stars to Kenneth Altland, Robert Baker, Robert Cashman, Jeffrey Eisenhart, James Hoak, James Jacobs, Harold Lau, James Menges, Carmey Whittington and Wayne Wise.

The Rev. Harold Stoudt presented Robert Cashman and Jeffrey Eisenhart with Pro Deo Et Patria awards.

The troop presented Scoutmaster Wise and Assistant Scoutmaster Charles Fetrow with plaques for their services during the past year.

The benediction was by the Rev. Mr. Stoudt. Pictures were shown of the camporees of the Scouts during the year by Leonard Myers. Refreshments were served by the mothers.

**Auxiliary Events**

The VFW Auxiliary met Wednesday in the post home with President Edith Gordon presiding.

The following events were announced: The Adams County membership meeting Sunday, December 7 in the East Berlin post home at 2:30 p.m. and a special meeting of presidents of the 21st District in East Berlin, Sunday, November 30 at 12:30 p.m.

Mrs. Aldah McDannell, Department of Pennsylvania President, will visit the district next month. A banquet in her honor will be held in Chambersburg prior to the district meeting there December 14 at 2:30 p.m. Reservations are to be made with Miriam Funk, 834 S. Colebrook Ave., Chambersburg.

**Poppy Chairman**

Mrs. Ethel Krout was appointed Buddy Poppy chairman for the 1959 campaign.

Plans were reported in progress to send toys to Pennhurst State School for Retarted Children.

The December business meetings have been cancelled because of the holidays, but a Christmas party will be held December 10. The committee in charge is Mrs. Lola Gross, Mrs. Edith Gordon and Mrs. Lois Baker.

The social committee for January and February are Mrs. Richard Emig, Mrs. Mary Hall and Mrs. Raymond Hoffman.

The next business meeting will be January 14.

Mr. anad Mrs. Jim Hoffman and sons left Wednesday to visit Mrs. Hoffman's mother in Providence, R. I. They plan to return Sunday.

# Out Of The Past

## *From the Files of the Star and Sentinel and The Gettysburg Times*

### TEN YEARS AGO

**Snow, Slush Bring First Wintry Scene:** Gettysburg and Adams county got the first real taste of winter for this season on Sunday when a drizzle that began in the early afternoon turned to sleet and then snow by dusk while the mercury hovered about the freezing point.

Here most of the snow melted as it fell, turning to a half inch of slush but in the mountains of western and northern Adams county several inches of snow covered the ground, pleasing first-day deer hunters but causing hazardous driving for motorists.

• • •

**Rededication Service Held:** The congregation of the Methodist church rededicated the pipe organ at services Sunday morning. The rebuilding and modernizing of the organ has been completed at a cost of $3,000.

The dedication service was in charge of the Rev. Floyd A. Carroll. Representing the board of trustees, Dr. R. D. Wickerham, president of that body, made the formal presentation to the congregation.

• • •

**Miss Price And James P. Slauch Wed Saturday:** Miss Mildred Ruth Price, daughter of Mr. and Mrs. J. Robert Price, Biglerville R. 2, and James P. Slauch, son of Mr. and Mrs. R. Walter Slauch, of Oxford, Pa., were united in Marriage Saturday afternoon in Zion Lutheran Church, Arendtsville.

• • •

**Prepare Plans For Fire Hall:** Plans for the proposed municipal building and fire hall, under consideration for some time in McSherrystown, have been prepared by Norman Gerald Coulson, Hanover architect.

The proposed structure will be of brick and concrete. The borough has purchased a lot at the southwest corner of Main and Third Sts. as a possible site.

• • •

**Tom Izer Reports First Deer Kill:** The first deer reported killed this morning was made by Tom Izer, Iron Springs, who shot a four-point buck at 7:45 o'clock in the Mt. Hope section near Iron Springs. The buck weighed 146 pounds.

Joseph S. Heiney, 201 Chambersburg street, bagged an eight point buck this morning at 8 o'clock while hunting in Dauphin county with J. Sylvester McKenrick, Harrisburg, formerly of Gettysburg.

Dwight Rinehart, Gettysburg R. 3, shot a four point buck this morning while hunting at Mt. Hope.

• • •

**Homemakers Of GHS Elect:** The Future Homemakers Club of Gettysburg high school recently elected the following officers: President, Betty Lee Dorsey; vice president, Geraldine Caskey; second vice president, Gloria Bolen; secretary, Jane Sanders, and treasurer, Norma Coleman.

• • •

**Wilhide—Harner Wedding Held:** Miss Doris Nadine Wilhide, daughter of Mr. and Mrs. Lloyd B. Wilhide, Keymar, Md., and John Smith Harner, son of Mr. and Mrs. John H. Harner, Taneytown, were united in marriage on Wednesday in the Keysville Lutheran Church.

• • •

**Twelve County Banks To Mail Checks For $375,776 To 5,954 Xmas Club Members:** Within the next 10 days, 12 Adams county banks will place in the mails Christmas Savings club checks totaling $375,776 to set a new record for the county.

This year's total is approximately $24,000 above last year's figure and the 1947 sum topped the total for 1946 by $55,000.

• • •

**J. Bruce Maclay Heads Bankers For Next Year:** J. Bruce Maclay, formerly of Fairfield and now cashier of the People's State Bank, East Berlin, was elected president of the Adams County Bankers Association Wednesday evening at a ladies' night meeting held at the Hotel Gettysburg.

**Caldwell New Phone Manager:** Appointment of John E. Caldwell to succeed C. A. Bixler as Gettysburg district manager for the United Telephone company of Pennsylvania was announced today by L. R. Thurston, United president.

• • •

**Dr. Gifford Is PSEA Speaker:** A talk on "The Past, Present and Future of Medicine" by Dr. Roy W. Gifford, associate surgeon at the Warner hospital, featured the annual fall banquet of the Adams County branch of the Pennsylvania State Education Association held Tuesday evening at St. John's Parish house, Abbottstown.

• • •

**Arendtsville's Bank Inspected By Over 1,500:** More than 1,500 persons attended the "open house" and reception held Monday night at the newly-remodeled National Bank of Arendtsville and saw the bank's greatly enlarged facilities and its new banking equipment.

**Sell 1,123,277 Lincoln Stamps:** Sale of the special postage stamps commemorating the 85th anniversary of Lincoln's Gettysburg Address passed the one million mark Postmaster Lawrence E. Oyler announced shortly before noon today.

Total sales at the hour reached 1,123,255 "and the end is not in sight" the local postal officer said.

In addition to the stamp sale the local post office cancelled 478,290 First Day Covers with many more awaiting processing.

### HOW TO BE HAPPY

Happiness is something that each one of us must create. It must come from deep in the heart. And there must be feeling in it. Otherwise it would not be happiness at all. There are men with millions who are not happy, and there are paupers who are happy. Why should it be this way? Well, it's because happiness is alien to mere money. It's what you give of yourself that brings happiness about.

How to be happy? Make someone else happy. Simple, isn't it? But there is nothing confusing about the objective, and that is to make others, many others, happy through your own understanding. Talk with scores of human beings and you will learn that there is no substitute for happiness. We are either happy or we are not. If we are happy, it is because we are largely interested in others more than ourselves. We do not exactly know what brings about this happiness, that at one time or another envelops us in an ecstasy of beauty and well being.

I have learned that other people with interests are always glad to meet those who have similar interests. In this way fine ideas spread out, and there is growth of interest on all sides. Happiness is contagious, exactly the way unhappiness is, but happiness lives in the heart, and there is where we must always go to find it!

What you are is what you do. I like people who say kind things about others. That is what gives evidence that happiness is not confined to any class or strata of human life, cornered somewhere. Every time we meet a happy person we know that in his or her secret hide-away you will find both a happier person and a dependable one, who never lacks for friends!

### THE BOUQUET OF LIFE

**It's only a little way at best,**
**Brief is the time we spend on earth;**
**We may be called from toil to rest**
**Before we've shown our real worth.**
**Too precious is one day to mar,**
**Too rare are moments to be kind**
**To let them slip; for kind deeds are**
**The monuments we leave behind.**

**We think life's journey now is long**
**And we hurry to its end;**
**We stoop to little deeds of wrong**
**That in the future we would mend.**
**And yet, the chance for doing right**
**May never, never come our way;**
**We leave forever with the night**
**The good we might have done today.**

**Life after all is a bouquet**
**Of days that we have gathered here;**
**Some gather roses by the way,**
**Some pluck the weeds year after year.**
**The bud we see about to bloom**
**And plan to pick when it's full blown,**
**We may not reach; and then will loom**
**Only the days that we have known.**

# A Bit Of History About Your Own Adams County

By B. F. M. MacPHERSON

The genealogical notes on the Black family, pioneer settlers in the Marsh Creek Settlement, are continued at this time.

The following items were taken from the files of the "Star and Sentinel" (known in the early days as the "Adams Centinel") and the "Republican Compiler," under the dates given.

16. Adams Centinel — Monday, November 16, 1835 —

"Married, Tuesday, November 10, 1835, by (name of the minister not given), Mr. Alexander Rowan to Miss Eliza Black, both of Mountjoy Township, Adams County, Pennsylvania."

Note: — It is not known just where Eliza (Black) Rowan fits into the family tree, but undoubtedly she is a twig on one of the branches.

17. Adams Centinel — Monday, April 25, 1836 —

"Another Soldier of the Revolution Gone! Died, Tuesday, April 19, 1836, Captain Henry Black, of Cumberland Township, this County, in the 84th year of his age. Mr. Black was an officer in the American Revolution, and in command of a company of Rangers to defend the frontier from the depredations of the Indians. In this service he displayed a degree of courage and firmness that has secured for him a name deemed worthy of transmission from age to age."

**Soldier Of Revolutions**

Note: — This Soldier of the Revolution is undoubtedly buried in Black's Graveyard (Upper Marsh Creek Presbyterian) is an unmarked grave. His relationship to the pioneer, John Black, is not known.

18. Adams Centinel — Monday, October 24, 1836.

"Married, Thursday morning, October 19, 1836, by (name of the minister not given), Mr. Robert Black, of Lancaster County, Pennsylvania, to Miss Eliza Ann Bailey, daughter of Mr. John Bailey, deceased, of Cumberland Township, Adams County, Pennsylvania."

Note: — Another unknown twig on the family tree. "Robert" was a family name in the Black clan, so it is reasonablee to presume that this "Robert Black" fits in at some place or other.

19. Adams Centinel — Monday, May 8, 1837 —

**Married In 1837**

"Married, Tuesday, May 2, 1837, by the Rev. Charles G. McLean, Mr. John B. Black to Miss Corrina Hamilton, both of Mountjoy Township, Adams County, Pennsylvania."

Note: — Nothing is known, at this time, of John B. Black, the bridegroom in this case.

20. Adams Centinel — Monday, February 26, 1838 —

"Died, Thursday, February 21, 1838, Mr. Matthew Black, of Straban Township, Adams County, Pennsylvania, aged 84 years."

Note:—A son of Robert and Sarah (Malachi) Black, and one of their five sons who served in the War of the American Revolution. Matthew Black was a Quartermaster in the Continental Army and acted as Adjutant of a Battalion. He (Matthew) applied for a pension on March 10, 1834, and this was granted him April 15, 1834. He is buried in an unmarked grave, probably in the Black family plot, in Black's Graveyard (Upper Marsh Creek Presbyterian).

21. Adams Centinel — Monday, January 6, 1840 —

"Died, December 18, 1839, Amelia Black, daughter of Mr. Robert Black, Junr., of Franklin Township, this County, aged 17 months."

**Unknown Branch**

Note: — Another unknown branch on the family tree, but obviously a part of the same, for again the family name of "Robert" points to a definite relationship.

22. Adams Centinel — Monday, August 17, 1846 —

"Died, at Jacksonville, Westmoreland County, Pennsylvania, August 2, 1846, Hamilton L. Black, aged 1-4-28; and on August 6, 3-3-19 — infant children of John B. and Corena Black, formerly of Adams County, Pennsylvania."

Note:—Children of John B. Black and his wife, Corrina Hamilton, who were married by the Rev. Charles G. McLean, on May 2, 1837.

23. Adams Centinel — Monday, May 17, 1847 —

"Married, May 13, 1847, by the Rev. Benjamin Keller, Mr. Franklin W. Black to Miss Mary Elizabeth Corwell, both of Cumberland Township, Adams County, Pennsylvania."

**Died At Jacksonville**

Note:—Nothing is known pertaining to this branch of the Black family.

24. Adams Centinel — Monday, December 3, 1849 —

"Died, at Jacksonville, Westmoreland County, Pennsylvania, on November 21, 1849, Harriet B. Black, daughter of John B. and Corena Black, formerly of Adams County, Pennsylvania, aged 2-1-24.

Note:—Another child of John B. Black and his wife, Corena Hamilton, who were married by the Rev. Charles G. McLean, of the Associate Presbyterian Church, on May 2, 1837.

25. Adams Centinel — Monday, April 8, 1850 —

"Died, March 26, 1850, near Chambersburg, Franklin County, Pennsylvania, Mrs. Charlotte Black, wife of Mr. William Black, formerly of this County, aged about 38 years."

Note:—Just one more unknown branch of the Black family tree which, in time, may find a permanent place in this genealogical puzzle.

26. Adams Centinel — Monday, August 27, 1855 —

"Notice — The Heirs and Legal Representatives of James Black (the son of John Black), deceased, to wit:

**Other Marriages**

"Henry Black, Margaret Black intermarried with John McFarren, John Black, Jos. (Joseph) Black, Mary Black, and Ann Black, brothers and sisters of the said deceased (James Black). Also Harrison Ash, Edward Ash, and Mary Lucinda Ash, children of Catharine Black, a sister of the Intestate, who was intermarried with John Ash, who is now deceased; and also Mary Elizabeth Linah, Sarah Ann Louisa Linah and Margaret Elenora Linah, minor children of Sarah Black, deceased, a sister of Intestate, who was intermarried with Thomas Linah. An Inquest will be held Saturday, September 22, 1855, upon the undivided one half of a tract of land, located in Cumberland Township, Adams County, Pennsylvania, adjoining the lands of John Black, John Runkle, the heirs of Andrew Horner, Deceased, and others, containing 131 acres. On the date specified division will be made among the heirs."

Note: — The above item is self-explanatory. The tract of land mentioned may be part of the original family plantation located in the Manor of Masque.

27. Adams Centinel — Monday, April 26, 1852 —

"Died, Monday, April 19, 1852, at Stewartsville, Westmoreland County, Pennsylvania, Mr. John B. Black, formerly of Adams County, Pennsylvania."

**Married In 1857**

Note: — John B. Black was married to Corena Hamilton by the Rev. Charles G. McLean, of the Associate Presbyterian Church, on May 2, 1857. Previous to the father's death, three children of the couple had died, and their obituaries were published in the local papers.

This concludes, for the present, the notes on the Black family.

The next clan, whose burial plot is in Black's (Upper Marsh Creek Presbyterian), to be included in this study, is the Sweney family. At the time the original survey was made of this historic burial ground, the stone of James Sweney, the Revolutionary ancestor of this family, had been put to use in propping open the door of a chicken house, that had been erected within the cemetery enclosure. Later, when the Gettysburg Chapter of the D.A.R. took over the care and maintenance of this site, the marker was placed in a plot where other members of the same family were buried. However, the exact location of the grave of James Sweney, soldier of the American Revolution, will probably never be known, but it was undoubtedly within the bounds of his family burial lot. The inscription from this marker is as follows:

"In memory of
Nancy
daughter of James & E.
Sweney
Died June 25, 1805.
who died in the year 1817.
Aged 7 Years.
James Sweney
who died in the year 1817.
Aged 62 years."

The notes on the James Sweney family will be continued in this column next week.

# SOME LA. LAWS HELD ILLEGAL

NEW ORLEANS (AP)—A special three-judge federal court Friday declared unconstitutional a portion of Louisiana's segregation laws which forbid interracial athletic contests.

The order was signed by Judge John Minor Wisdom of the U. S. Fifth Circuit Court of Appeals and District Judges Herbert Christenberry and J. SKelly Wright.

The ruling today knocks out that portion of the 1956 law dealing with mixed athletic events. However, it deals only with the section governing participants and does not alter separate seating facilities for the races. That issue was not before the court.

The court also issued an injunction nullifying enforcement of the law pending an appeal.

Louisiana Atty. Gen. Jack Gremillion said earlier if the law were nullified, he would have no recourse but to appeal.

# Rep. Knutson Asks Election Probe

WASHINGTON (AP) — Rep. Coya Knutson (D-Minn) said Friday she is asking the House Elections Committee to investigate the election in which she was defeated.

The blonde Mrs. Knutson disclosed this at a news conference in which she refused to answer practically all questions—especially about her family affairs.

Her husband, Andrew Knutson, tried during the campaign to get her to abandon politics and come home.

He also filed, but later apparently dropped, a $200,000 slander and alienation of affections suit against his wife's administrative assistant, William Kjeldahl.

**East German Recognition Not True Issue — West Must Not Withdraw From Berlin**

**THIS BERLIN** hassle has more angles than a three-cushion, billiard shot.

Some columnists, commentators and pundits seem hypnotized by the idea the Russians are trying to force upon the West a diplomatic recognition of East Germany and its puppet, Communist government which has long masqueraded under the false title of German Democratic Republic.

This angle is attracting more printer's ink than the basic problem. Actually, the question of recognition of East Germany is merely a complicated but superficial aspect of the situation.

---

**KHRUSHCHEV and his henchmen seek to squeeze America and her allies out of West Berlin. Diplomatic recognition of the Deutsche Demokratische Republik is just another gambit.**

Stalin tried to do it crudely and bluntly with his infamous, ten-and-a-half-month blockade of West Berlin through the winter of 1949. It was brilliantly and expensively broken by the amazing Anglo-American airlift which moved in 2,323,738 tons at a cost of $170,000,000.

It was such a technical, humanitarian and diplomatic triumph for the West that unto this day the masters of the Kremlin have been looking for a new and more adroit formula. They now think they have a plan whereby the tawdry, East German Communist government can be euchred into reaching for the hot chestnut.

---

**IT WAS MY** privilege to visit both West and East Berlin five years after the blockade.

Frankly, I had previously cherished a firm, midwestern hunch that since the West had won its airlift victory and while the situation was stabilized, it was a good time for America to ease out of a militarily, indefensible situation.

The telephone book in the Army PX told me America had but one re-enforced, infantry regiment (less than a third of a combat division) stationed in the city. A friend in the G-2 section readily pointed out locations of twenty-two surrounding Russian divisions. He might well have done so for anyone else. Most of them and their stations had been listed in the London Times.

Clearly, such Americans as happened to be in Berlin the day the Russians decided to roll westward would spend the rest of the war in the salt mines of Siberia. Such being the case, why worry about the military occupation of just a few more square miles of foreign, urban, real estate?

---

**BUT THOSE** 481 square kilometers in West Berlin quickly impressed me as being the most important real estate in the world today if our Crusade in Europe is to achieve any lasting freedom for the millions of western Europe.

**And from a selfish standpoint, West Berlin is an outpost on the frontier of our own freedoms. Hence the deal is not entirely philanthropic!**

Under such circumstances a decision to stay or withdraw is not predicated upon who may be defeated or captured on the first day of a surprise agression. That is probably why our West Berlin garrison is so small.

---

**WEST BERLIN IS** important because it is the economic and political hole in Communism's European dyke. They flow of free peoples and commerce back and forth through that hole is causing the dyke to crumble.

Thanks to support of West Berlin by the allies and the close economic, cultural and political ties that have been nurtured between the city and free, West Germany, the hole in the dyke, is getting bigger day by day. The dyke's ultimate collapse is certain. That is why the Kremlin will gamble to the brink of war to squeeze out America.

So many East Germans have excaped to freedom through Berlin that Russian and German communists are worried. Red Germany's nearly twenty million population has shrunk to seventeen. A large percentage of the 2,500,000 refugees through West Berlin has been indispensable doctors, nurses, teachers and highly skilled workmen.

---

**EAST GERMAN** economy is now creaking at the joints. A prosperous West Berlin in the heart of this drab, puppet state and with a flourishing and populous, free West Germany but a hundred miles away is giving the Communist scheme of things a shabby exhibit for all Europe to see and a bad press throughout the world.

No American can visit the Marienfelde reception center, through which thousands of refugees are annually sent to freedom in West Germany, and retain any further thought that America should pull out. America has a right to be in and a duty to perform in Berlin. Let the Reds huff and puff in either Russian or German, but America must stand fast.

# Hold Man Wanted On Ohio Charges

LEWISBURG, Pa. (AP)—A man wanted in Ohio on an assault charge was held in jail today pending further hearing.

The FBI announced here Friday night the arrest of Charles Melvin Johnson, 23, Mt. Vernon, Ky., at Berwick earlier in the day.

Johnson was charged here before U.S. Commissioner A. Thomas Wilson and committed to the Northumberland County Jail in Sunbury in default of $5,000 bail pending formal arraignment later.

The FBI announcement said Johnson was wanted on a warrant sworn before U.S. Commissioner Charles W. Oztias, Dayton, Ohio, last Nov. 6 on a charge he assaulted Lugene Campbell on Nov. 3.

No other details were available.

# CRIPPLED AIR SERVICES HOPE FOR UPSURGE

By THE ASSOCIATED PRESS

The country's airlines, their carrying capacity crippled by strikes, braced themselves today for an expected surge of passengers homeward bound after the long Thanksgiving weekend.

Eastern and Trans World Airlines, third and fourth largest in the nation in passenger miles flown annually, have been grounded by walkouts. The nation's largest line, American, still is flying under the shadow of a threatened strike that was delayed by a court order.

Some 6,700 members of the International Assn. of Machinists struck TWA a week ago Friday, and the line's 200 passenger plan were grounded Monday.

**Others On Strike**

Also Monday, 550 members of the Flight Engineers International Assn. and 5,500 IAM mechanics struck Eastern, grounding 188 planes.

The two strikes threw about 35,000 employes out of work.

Wednesday night the twin strike snarled holiday travel and diverted thousands of airline passengers to bus and rail lines. But on Thanksgiving Day, a midholiday lull settled in, and the airlines still operating were easily able to take up the slack created by the walkouts.

At American Airlines, the company Friday night offered to sit down "anywhere and anytime" with the Air Line Pilots Assn. to try to settle differences without a strike. A union spokesman said the company offer sounded like "a public relations maneuver."

**Lashed By Jurist**

The offer came after U.S. Dist. Court Judge Frederick VanPelt Bryan tongue-lashed both the association and the line as he issued an extension on a strike-restraining order. The order would have expired at 11:59 p.m. Friday. The extension is good until Monday.

Judge Bryan became angry when he learned that neither side had met Wednesday as he had instrucedthem to do. Instead, the two sides had become involved in a dispute over where the meeting was to take place.

# Trucker Is Held In Death Of Child

CARLISLE, Pa. (AP)—A Maryland truck driver was free on bond today pending an inquest into the traffic death of a child here Friday.

Marcella Blocher, 12, Carlisle, was killed when she was struck by a tractor-trailer turning a corner.

State Police Cpl. John E. Adler said the truck driver did not stop after the accident until Adler hailed him. The policeman quoted the driver, Simon Kindall, 61, Hagerstown, Md., as stating he was not aware he had struck the child.

## Maitland, Coldsmith Gain South Penn All-Star Team; 4 Other Warriors Named

Six Gettysburg High School varsity football players were chosen for 1958 South Penn All-Conference honors in the officials selections announced today and were made by members of the South Penn Sportswriters' and Sportscasters' Association and the eight member school coaches.

Named to the first team were Captain Gary Maitland, end, and Roy Coldsmith, guard.

Robert Nelson, guard, a first team selection last year, was placed on the second team and Bob Furney, back, also was a second team choice.

Gaining honorable mentions were Tommy Crist, back, and Ken Kimple, tackle.

**Champs Place Five**

Carlisle, perennial South Penn titlist, captured the lions' share of the honors by placing five on the first string outfit, one on the second, while two more gained honorable mentions.

Bernie Washabaugh, Chambersburg's fullback, is honorary captain of the first team as the result of receiving the highest number of votes—75.

A maximum of 80 votes was possible under the voting system. First place votes were good for five points and second place three. Coaches selected all-opponent teams while five newspapers and four radio stations each voted on first and second team choices.

**Kemble Lone Repeater**

The lone repeater from last year's All-Conference squad is Karl Kemble, Hershey's 205 pound junior tackle. All members of the first squad, with the exception of Kemble, are seniors.

Nine seniors and two juniors compose the second string squad. The juniors are Gettysburg's Furney and Hanover's Jim Heilman, another back.

Fifty-four lads received votes in the balloting, 32 being given honorable mentions.

## CLEMSON MAY RECEIVE BID TO SUGAR BOWL

NEW ORLEANS (AP) — The Sugar Bowl, freed from a ban on interracial sports, still was expected to choose Clemson today to face Louisiana State in the Jan. 1 game.

A federal court ruling Friday knocked out Louisiana's 1956 law banning competition between white and Negro athletes.

However, a ruling by the LSU Board of Supervisors bans the team from playing integrated teams not only in Louisiana but also outside the state.

The federal court ruling did not touch a phase of the law which bans segregated seating at sports events in the state. That was expected to rule out the possibility of getting eighth-ranked Air Force which was expected to go to the Cotton Bowl anyway.

The Sugar Bowl, however, does not require racial identification before a ticket is bought. A few years ago it removed a stipulation printed on most of its tickets that they could be used "only by the Caucasian race."

Navy played in the Sugar Bowl in 1955 when segregated seating was enforced and before the law banning interracial athletics went into effect.

The Defense Department declined comment on the segregation ruling. The Army previously said it would not accept any bowl invitation from anyone.

The segregation ruling came in a case filed by Negro boxer Joe Dorsey who contended the law was jeopardizing his career. The decision was signed by Judge John Minor Wisdom of the U.S. Fifth Circuit Court of Appeals and U.S. District Judges Herbert Christenberry and J. Skelly Wright.

## Canner Wrestlers In Ten Dual Meets

Ten dual meets, the first of which will be staged Thursday, December 11, with Boiling Springs on the home mats, have been scheduled for Johnny Toggas' Biglerville High School wrestling squad.

The schedule:

December 11, Boiling Springs, home; 13, Cumberland Valley, away; 17, Manheim Central, home; January 7, York Central, home; 15, Mechanicsburg, home; 22, West York, home; 29, Dover, away; February 5, Hanover, away; 12, York, home; 19, Shippensburg, away; 27-28, sectional tournament.

HOLLYWOOD (AP) — Mexico's featherweight Victor Manuel Quijano boxes substitute Noel Humphreys of Charleston, W. Va., tonight in the 10-round main event at Hollywood Stadium. Humphreys stepped in when Gil Cadilli of San Francisco canceled out because of a cold.

Quijano, in his lone appearance here, lost to top-ranked Davey Moore of Springfield, Ohio.

## AIR FORCE IS HOPEFUL FOR BOWL BID TODAY

By ED WILKS
Associated Press Sports Writer

While the two service veterans, Army and Navy, clashed in Philadelphia, the rookie Air Force Academy made its final pitch for a Cotton Bowl berth today as major college football called it quits for 1958.

Army was looking for its first unbeaten season in nine years as the Cadets put their 8-0-1 record against Navy (6-2).

But the Air Force, also 8-0-1, needed only a victory at Colorado (6-2) to nail a New Year's Day date against Texas Christian at Dallas. The word is that Air Force, tied by Iowa, can cap its first season as a major team with a bowl trip, win, lose or draw.

**Florida Is Chosen**

Florida and Clemson also could make a bowl today. The Gator Bowl Friday named Florida (9-3-1) for one of its two empty berths—if the Gators beat Miami (1-7). Clemson (7-2) reportedly can have the Sugar Bowl spot opposite unbeaten, untied Louisiana State by beating Furman (2-6).

Mississippi (7-2), South Carolina (7-3), Alabama (5-3-1), Georgia Tech (5-3-1) and Vanderbilt (5-3-1) are in the running for the other Gator Bowl bid. Mississippi played Mississippi State, Alabama met Auburn, Tech played Georgia and Vanderbilt tussled with Tennessee in traditional closers. South Carolina finished by beating Wake Forest Thanksgiving Day.

The other major bowls were filled last week. It's Iowa and California in the Rose Bowl, Oklahoma and Syracuse in the Orange Bowl. All but Oklahoma have finished their regular schedules. The Sooners (8-1) played Oklahoma State.

Louisiana State, No. 1 in The Associted Press poll ahead of unbeaten but bowl-banned Auburn, also has completed its season. Texas Christian closed shop against Southern Methodist, a Sugar Bowl darkhorse.

Other major games were Notre Dame-Southern California, Rice-Baylor and Houston-Texas Tech.

Buffalo Friday night turned down a trip to the Tangerine Bowl in Orlando, Fla., because of racial discrimination which would sideline two players. Team members previously had accepted the invitation, but the university had final say.

## LEGLESS COACH WINS HIS FIRST CAGE CONTEST

BIGFORK, Minn. (AP) — Fourteen years ago Jim McGarry lay writhing alongside a St. Paul railroad track, his legs crushed by a switch engine he failed to see as he was chasing a ball.

A few hours later he was given the last rites of his church.

But he recovered and, although the amputation of both of his legs ended forever his dreams of stardom in sports, he vowed never to leave athletics.

A few days ago 27-year-old Jim McGarry sat in a wheelchair and watched his Bigfork basketball team defeat Littlefork 58-45 for his first victory as a high school coach.

**"Prove Yourself"**

"It's like every new coach feels," McGarry said. "You're glad to get the chance to prove yourself."

This is all the husky, smiling young man has ever asked.

Within a few years after his operation he was playing basketball from a wheelchair and excelled in the sport.

In 1949, when wheelchair basketball was thriving because of World War II casualties, McGarry averaged 25 points a game. His team, the "Rolling Gophers," gained the finals of the National Wheelchair Tournament and Jim was named to the all-star team.

After graduating from St. Thomas in St. Paul, he came to this northwoods hamlet to become a history instructor and assistant coach. Now he is head coach.

## EARL BUCHHOLZ IS DEFEATED BY ASHLEY COOPER

By WILL GRIMSLEY
Associated Press Sports Writer

SYDNEY (AP)—Wimbledon and U.S. champion Ashley Cooper of Australia halted the sensational winning streak of 18-year-old Earl Buchholz, of St. Louis, today by winning the New South Wales tennis championship 6-0, 6-1, 7-9, 6-2.

Obviously nervous and well below the form which marked his earlier victories over teammate Alex Olmedo and Australians Mal Anderson and Roy Emerson, the young American junior proved no match for the hard hitting Aussie Davisu.

Buchholz was able to win only 10 points in the first set and 12 in the second before he mustered a brief but shortlived rally which won him the third.

**Proud Of Youth**

The American camp was not disheartened over the setback.

"We are very proud of the way Buchholz has played all week," said Perry Jones, U.S. Davis Cup captain. "He was up against the world's best amateur in Cooper and he was playing his first important final."

Earlier, pretty 19-year-old Renee Schuurman of South Africa won the women's title by defeating Jan Lehane, Australia junior, 6-2, 4-6, 6-4.

The junior singles crown went to Ken Fletcher who beat Martin Mulligan 9-7, 5-7, 6-4. Buchholz withdrew from the junior competition Thursday after he had beaten Emerson in the men's semi-finals.

## FAIRFIELD TO LACK HEIGHT

Fairfield High School, which opens its basketball schedule at Emmitsburg Tuesday, December 9, will have a very short squad this year, averaging but 5-8, according to Coach John McAndrews.

There are three lettermen on the squad, Johnnie Sprankle, Jim Herring and Dave Sprankle, all forwards.

Among the Juniors who saw limited action last year are Jim Ruht and Ken Wolford, forwards; George Wenschhof, Joe Davis and Dean Snively, guards.

Sophomore candidates include Ted Kane and Carson Long, forwards; Joe McCauslin, Randy Inskip, Ray Kuykendall, Bob Bostwick and Henry Sanders, guards.

One change on the schedule has been announced. Scotland will be met on the Cadets' floor on January 28 instead of January 27.

**GOLA PLAYS TONIGHT**

PHILADELPHIA (AP) — Tom Gola, of the Philadelphia Warriors will be able to play tonight in New York against the Knickerbockers.

Gola sprained his left ankle Thursday night in a National Basketball Assn. game against the Boston Celtics.

**Fight Results**
**By THE ASSOCIATED PRESS**

New York — Mike De John, 202¾, Syracuse, N.Y. outpointed Willi Besmanoff, 201, Milwaukee, 10.

Kanab, Utah — Lamar Clark, 182, West Jordan, Utah, knocked out Hal Crump, 194, Butte, Mont., 2.

## Gettysburg Angler Has Catch Record

Barton Foth's 131-pound tarpon, taken on a fly at Islamorada in the Florida Keys, has been rated the top angling achievement for the 1958 spring-summer season by the Miami Rod and Reel Club.

Foth is president of the Adams County Novelty Co. His catch established a new club record and is thought to be the largest tarpon ever taken on a fly.

M. David Detar, New Oxford, president of the Aero Oil Co., en a 72-pound white Marlin which placed fourth in the ratings. It was taken on an eight-pound test line while Detar was trolling off Ocean City, Md.

## CANNER TEAM HAS 3 VETS

Three lettermen, Hary Hartzel, James Kuhn and Robert Nyce, all Seniors, form the nucleus around which Coach Bernie Thrush is building his Biglerville High School basketball team.

Six regulars were lost from last yer's squad which turned in a 20-5 record. Graduation took Captain Dick Byers, Dick Hartzel, Jay Zeigler, Dick Beatty and Blaine Harvey, while Glenn Bricker discontinued school.

In addition to the trio of veterans, Coach Thrush has 12 other varsity squad members with varying amounts of experience.

They are: Joe Cicierski, three years; Jack Frantz, Fred Hartzel, Gary Breighner, Ken Fetters, Larry Rose, Ted Orner, Larry Schmick, Ronald Wagner and Dennis Little, two years; Larry Eckenrode and Vance Johnston, one year.

Biglerville opens its campaign next Tuesday at West York and hosts Enola next Friday.

## Grid Titleholder Won't Join Pros

STOCKTON, Calif. (AP)—Dick Bass, the national titleholder in three departments of 1958 collegiate football statistics, says he is not interested right now in pro football offers.

The brilliant College of the Pacific halfback from Vallejo, Calif., reported he talked with officials of the San Francisco 49ers and Los Angeles Rams but wanted to make it clear that he would be back with COP next season.

Bass, who has one more year of eligibility, captured the season record for rushing (1,361 yards in 205 carries), total offense (1,440) yards in 217 plays and points scored (116).

## Bigler Junior Hi To Play 7 Games

A seven-game schedule for the Biglerville Junior High School basketball squad will be played during the coming season.

The schedule follows: January 13, Fairfield, away; 20, Littlestown, home; 27, New Oxford, home; February 3, Littlestown, away; 10, New Oxford, away; 17, Fairfield, home; 23, Boiling Springs.

---

COUDERSPORT, Pa. (AP) — "We really wanted a boy and our prayers were answered," said Cincinnati Redlegs infielder Don Hoak Friday. His wife, Phyllis, gave birth to a 7-pound boy.

Both mother and child were reported doing very well. Hoak, a native of nearby Roulette, has one other child, Kimberely Ann, who will be four in February.

## BESMANOFF IS BEATEN IN TEN BY M. DEJOHN

BY MURRAY ROSE

NEW YORK (AP) — Mike DeJohn says all he needs is action to make him a top contender for the heavyweight title. And he may get that soon.

The tall, lackadaisical Syracuse fighter squeezed out a close but unanimous 10-round decision over stocky Willi Besmanoff Friday night that put him in line for two high level scraps.

Promoter Norm Rothschild wants to match him with Zora Folley at Syracuse in January and the International Boxing Club offered him a shot at the winner of the Pat McMurtry-Nino Valdes Dec. 19 fight at Madison Square Garden for February.

**Wants Title Bout**

"I'll take them both if I can work it out," said the 6-3, 202¾ pound DeJohn. "I know I need plenty of work to keep in top shape and give me the fighting edge I need. This fight with Besmanoff was only the fourth for me this year and the first since August 15 when I lost that split decision to Valdes.

"I think I can go all the way and make a lot of trouble for Patterson (heavyweight champion Floyd Patterson) if I ever got the chance."

Mike, however, was no ball of fire against Besmanoff at the garden. Willi, who now fights out of Milwaukee, wasn't much to rave about either. Maybe it was their contrasting styles.

Short-armed Willi, 5-11 and 201 pounds, chased the angular DeJohn most of the 10 rounds but couldn't do much but belt to the body. Often he was low and he was warned several times by Referee Al Berl.

Berl had DeJohn ahead, 6-3-1 in rounds while the two judges, Jack Gordon and Leo Birbaum each had it 5-4-1 for DeJohn. The AP card had DeJohn in front, 5-4-1.

## Ham Richardson Ordered To Rest

SYDNEY (AP)—Ham Richardson, suffering recurring reactions from diabetes, today was forced out of next week's victorian Tennis Championships and placed under a physician's care.

U.S. Davis Cup Capt. Perry Jones emphasized however, that America's number one player is not seriously ill and rest measures are being taken to point him for the Davis Cup interzone and challenge round matches.

Jones said Richardson asked for a rest after his poor showing in the New South Wales Championships during the past week.

The New Orleans star was beaten by Bob Mark of Australia in the singles and was not at his best in doubles.

## Offer Champion $30,000 For Bout

LOS ANGELES (AP) — Argentina's Pascual Perez, world flyweight champion, has been offered a fight here next year, regardless of whether he whips Dommy Ursua in Manila Dec. 15.

Matchmaker Geroge Parnassus of the Olympic Club suggested Perez meet Mario de Leon, 112-pound champion of Mexico, if he beats Ursua. He offered the Argentine boxer a $30,000 guarantee. Perez stopped here en route to his Philippines assignment.

## Bullets Resume Drills For Temple Game Monday; Frosh Opener On Dec. 6

Sixteen members of the Gettysburg College varsity basketball squad resumed practice Friday night after a brief Thanksgiving recess in preparation for three games next week, first of which will be with Temple University in the Palestra Monday evening at 9:15. Prior to the Bullet-Temple game Villanova opposes Lemoyne at 7:30.

Coach Bob Hulton and his squad face a busy week. Following Monday's game the Bullets meet the veteran Bucknell outfit at Lewisburg Wednesday and then entertain Hofstra here next Saturday night in the first home game.

Four lettermen, all Seniors, are expected to take care of most of the front court duties on the squad. They include Del Warfel, 6-6, 190; Frank Grzelecki, 6-5, 180; Walt McGowan, 6-3, 188, and Jack Hathaway, 6-0, 175.

**Battle For Posts**

Back court positions are wide open but it appears that Walt Melnick, 5-10, 160, Senior, and Marty Kaye, 6-0, 180, Junior, will draw the assignments against the Owls.

The remainder of the varsity squad includes: Juniors, John Warner, 5-11, 180; Gerry Long, 5-9, 155; Ken Kamis, 5-10, 165; Jim Moyer, 6-1, 165; Bob Henry, 5-9, 160, and Barry Gwinn, 6-4, 195.

Sophomores: Bill Hemsing, 6-2, 175; Bill Fitzkee, 6-3, 200; John Bauer, 6-2, 180, and Phil Graham, 6-2, 180.

John Warner, a transfer from York Junior College; Long and Kams are being given thorough tests as back court men. Warner played under Hulton for one year at York. Kamis, a transfer from Evansville College, Ind., is probably the quickest man on the squad.

Hemsing is being tabbed as the most improved player among the Sophomores. Much is expected of Fitzkee who topped the Freshman team in scoring last season.

The Freshman squad resumes its workouts next Tuesday. The frosh, again being coached by Howard Shoemaker, encounter their initial opponent when they tangle with the Hofstra yearlings in the preliminary to the varsity game here next Saturday.

Several of the freshmen squad members are well known via their scholastic achievements a year ago.

**Frosh Squad Personnel**

Earl Little, former Gettysburg High star and an All-South Penn selection last year; Ronnie Warner, ex-York High ace who was chosen to the AP and UP All-State teams last season; Bob Parker, Yeadon, picked as the outstanding player in the Christmas tournament at Johnstown, and Bruce Simpson, who led powerful Sunbury High, are among those seeking berths.

The squad follows:

George Burnett, 6-2, 175, Wicomico, Md.; Charles Eaton, 6-3, 160, Cranford, N. J.; Don Edington, 5-10, 155, Woodrow Wilson, Washington, D. C.; John Fleming, 6-4, 175, Haverford; Jerry Morris, 6-1, 170, Woodbury, N. J.; Pete Moss, 5-11, 160, Forrest Hills, N. Y.; Dave Mumford, 6-3, 175, Wadsworth, O.; Robert Parker, 5-9, 145, Yeardon; George Roberts, 5-9, 135, Plymouth-White Marsh; Bruce Simpson, 6-3, 190, Sunbury; Ronald Warner, 5-10, 165, York; James Wetzel, 6-2, 180, Mercersburg Academy; Earl Little, 6-1, 170, Gettysburg, and Richard Bainbridge, 5-11, 190, Lower Merion.

## BROWNS, COLTS PROWLING FOR PRO GRID TITLE

By JACK CLARY
Associated Press Sports Writer

You National Football League Eastern Division clubs, particularly Washington, look out Sunday! The Brown gang — Cleveland, Paul and Jimmy — are on the prowl.

This trio, Jimmy the fullback who plays for Paul the coach of the Cleveland Browns, has set its sights on an eighth divisional title in nine years and plans to use the Washington Redskins as a springboard when they get together in Cleveland.

The Browns are a game ahead of the second-place New York Giants and must keep winning lest the Giants catch up before the two meet Dec. 14 in New York. Cleveland has a 7-2 record, New York 6-3.

**Colts Have Same Idea**

The Baltimore Colts also have the same idea in the Western Division. They entertain the San Francisco 49ers in their season home finale and a victory would clinch at least a tie for the Western title.

Baltimore, with a 8-1 record, can go a step further and grab all the marbles if the Chicago Bears, 6-3, fall before the Pittsburgh Steelers in Pittsburgh.

New York meets the Philadelphia Eagles and the Los Angeles Rams play the Cards in Chicago. Detroit defeated Green Bay 24-14 Thanksgiving Day and is idle until next weekend.

Jimmy Brown leads the NFL in rushing and every yard he gains establishes a record. Two weeks ago he broke the record formerly held by Eagles blockbuster Steve Van Buren, of 1,146 yards. He now has 1,229 yards.

**Two More Chances**

Baltimore which has lost only to New York, still has two more chances on the West Coast against Los Angeles and the 49ers to put a ribbon its first divisional title.

Pittsburgh's Steelers, sparked by quarterback Bobby Layne, has a four-game winning streak that has carried them to third place in the Eastern Division. The Bears, paying their first visit to Pittsburgh since 1947, has added Rudy Bukich, ex-Redskin, to a quarterback crew that includes Zeke Bratkowski, Ed Brown and George Blanda.

Los Angeles hopes to get back on the beam after a second half whipping last week by the Colts. The Cards, tied with the Eagles for the bottom of the Eastern Division with a 2-6-1 record, have only a tie to show in their last five games.

## TORONTO COACH IS DISCHARGED

TORONTO (AP)—Veteran winger Bert Olmstead will be in command when the last place Toronto Maple Leafs face the Chicago Black Hawks in a National Hockey League game tonight.

Or will he?

"Olmstead will handle the club during the workouts under my supervision and I will be behind the bench for games," snapped General Manager George Imlach, after he fired Coach Billy Reay Friday night.

Imlach, who became GM only a week ago, added that Olmstead will be in charge of the dressing room.

**Temporary Coach**

The inference was unmistakable that Imlach would give the orders to Olmstead during the games—and that Olmstead better carry them out or else. His appointment as player-coach was on a temporary basis. Imlach implied more heads might roll if the club doesn't begin to pick up steam.

When Imlach became general manager, he gave the Leafs four games to improve. In that span, they won two and lost two.

Reay left no doubt as to his feelings.

"I've been coaching since I was 24," said the 40-year-old Reay. "I've always worked my way up to this job, then I got undermined."

## Williams Having "Ankle Trouble"

BOSTON (AP)—The Herald said today that Boston Red Sox slugger Ted Williams is having "more ankle trouble."

The paper said in a story under the byline of Sports Editor Ed Costello that the 40-year-old American League batting champion "has contacted a Boston doctor about his latest ailment."

The Herald story said that Williams' ailment is in the same area as a hairline fracture he suffered while fishing a year ago. That injury forced Williams to pass up much of spring training, but he finished with a .328 batting mark, 26 homers and 85 runs batted in.

## ROOKIE CAGER HITS HOT PACE

By THE ASSOCIATED PRESS

Minneapolis' Elgin Baylor, a rookie in the National Basketball Assn., is finding the professional game very much similar to the college variety.

One of the most prolific scorers in the country last year as a collegian, the All-America has turned into one of the top point-getters in the pro league.

The former Seattle star Friday night scored 26 points as he led the Lakers to a 114-93 victory over Cincinnati. The output raised his league leading point total to 449, an average of almost 25 points a game.

In the only other game, Detroit defeated Syracuse 101-93.

The Lakers, hitting 51 per cent of their shots, coasted after compiling a 20-point lead in the second quarter.

Syracuse was in the game until the start of the last period at Detroit. Leading 75-72, the Nats were only able to score two field goals in the first 11 minutes of the quarter. The Pistons' Chuck Noble led the winners with 20 points.

## Coccidiosis Is Hazard In Fall Chick Raising; Dry Feed Pushes Calf Growth

By FRANK S. ZETTLE
Adams County Farm Agent

Poultrymen who are starting replacement of pullet chicks in November are urged to be ready to treat for coccidiosis — if it appears. The increase in wet weather with some warm days has set up ideal conditions for the development of coccidiosis in the fall. Poultry servicemen should also be on the lookout for these out-of-season cases as they make their rounds of customers' flocks.

Outbreaks of "coxy" are more frequent in chicks from three weeks to three months of age. Heavy death losses may result if a close watch is not kept on the young pullets. An increase in runts that may not become good layers will also result.

Older fowls may become affected with the chronic form of the disease. This will prove costly to the poultryman, as egg production will go down; and the flock will be unprofitable.

**Develop Immunity**

Low levels of one of the available coccidiostata (or drugs used for prevention) may be used so that an immunity will develop. Practicing good sanitation and management are a must to aid in reducing the amount and severity of reinfection and to maintain a good healthy flock.

If an outbreak of "coxy" is suspected, representative specimens should be submitted to a qualified poultry diagnostic laboratory or a veterinarian for examination. The disease is identified readily with the aid of a microscope, and proper treatment can be started immediately.

**Dry-Feed Calves**

Good calf-raising methods must provide for the early development of the rumen or first-stomach of the dairy animal. The feeding of roughage and concentrates encourages rumen development.

Instead of waiting until a calf is one or two weeks old, it would be best for dairymen to provide calves with good quality hay and concentrates as soon as it is born. It is sometimes amazing to see how much dry feed a calf will eat at an early age when this practice is followed.

Roughage consumption may be encouraged by feeding small amounts of silage to the young calf. However, hay should also be fed in most cases.

**Include Supplements**

Use a calf starter until the calves are about four months old. On many farms it is most convenient to feed a commercial calf starter. However, a simple grain mixture containing 16 to 20 per cent crude protein may be fed if it is property supplemented with minerals, vitamins and possibly antibiotics. Self-feed grain to calves up to 4 lbs. per head daily.

Do not neglect to make water available for all young stock. Lack of sufficient water alone has been shown to reduce gains by as much as 20 per cent. For maximum consumption keep a fresh supply of roughage and grain before the calves. Stale hay or grain will discourage consumption of dry feed.

While a liquid diet alone will produce a fine looking calf, it will not allow for proper development of the rumen. Rumen development will not proceed unless there is a need for it. We can create this need by getting lots of dry feed into the calf as soon as possible.

**Labor Saved**

We're always interested in saving labor . . . and in the past few years, some poultrymen have found they can save considerable labor just by using larger pens. Field observations have shown that a poultryman can care for birds in large pens with much less time per bird, as compared to small pens.

There are many reasons behind larger pens saving labor. You have the same routine work to do in a small pen as you do in a larger pen. In small pens, you have to go around more partitions, and open and close more doors. Many steps and much time are lost just in doing this.

What's more, you can have a much more satisfactory arrangement of equipment in large pens, as compared to small. And with large pens, there is better circulation of air, and this means drier litter.

You may have a hen house with several partitions in it. Chances are these partitions are only temporary, maybe made of chicken wire. These aren't doing you much good, and they are causing you much added labor. Why not take at least some of them out, and see for yourself the saving of labor.

## On The House

By ANDREW C. LANG
The Associated Press

A person getting ready to buy a house for the first time often has a lot of erroneous ideas about a mortgage. Realtors, banks, savings and loan associations and other lending agencies are constantly amazed at the fallacies that have crept into the thinking of many potential first-time home purchasers.

Even with all these misconceptions, little damage would be done if every buyer took the time and trouble to read and understand all the papers he signs. But it is a rarity when somebody reads every word of every document placed before him and then — and only then — attaches his signature. The general feeling seems to be: "These are regulation forms and papers which everybody signs in order to get a mortgage. Why shouldn't I sign them, too?"

**Mortgaage Facts**

Why, indeed? Yet there are countless numbers of persons every year who discover some facts about their mortgages of which they were unaware Lest there be any misunderstanding, it's not the fault of the banks or agencies which are lending the money. It's simply that there are different kinds of mortgages — and it's up to you to get the type best suited for your needs. You can't blame the lender any more than you can blame the builder because you paid extra for a seven-room house when you really needed one with only five rooms.

**New Legal Advice**

When you're laying out thousands of dollars to buy a house, it is false economy not to use the services of a lawyer for a very small percentage of the total cost of the purchase. He not only will take care of all the details for you, but will protect your interests to see that you get what you want. The important thing, however, is to know what you want so that your wishes can be carried out. If, for instance, you have some idea that you might be able to pay off your mortgage before its normal expiration time, be sure you get the kind of mortgage which permits extra payments of principal. Some mortgages do not.

And how do you find out all this information about mortgages? Contact your bank, a savings and loan association, the Veterans Administration or the Federal Housing Administration before you select your house and become so intrigued with the idea of living in it that you'll sign anything just so you can move in.

## Farm Calendar

**Reports Oats Yields** — Results of 37 extension demonstrations on oats in 34 counties are reported by Elmer Pifer, Penn State extension agronomist. Variety yields per acre were: Garry, 67 bushels; Vicar, 60; Burnett, 59; Clinton 59, 57 bushels; Clintland, 57, and Minhafer, 54. Local farmers cooperated in the demonstrations.

**4-H Tractor Clinic** — The seventh annual 4-H tractor clinic will be held in the Farm Show Building, Harrisburg, December 8-10, announces Edward Mintmier, Penn State assistant 4-H club leader. During the past year 42 Pennsylvania counties had 4-H tractor clubs with 1,100 boys and girls receiving instruction.

**Gather Eggs Often** — Eggs should be gathered in cold weather just as often as during the summer, reminds Carl Dossin, Penn State extension poultry specialist. A small room partitioned off in a corner of the house cellar makes it possible to provide excellent conditions for keeping these eggs at top quality.

**Keep Feed Costs Low** — The use of cornstalk fields and late fall pasture will give beef cattle early gains at low feed costs, says Thomas King, Penn State extension livestock specialist. Cattle in cornstalk fields also need a pound or two of grain supplement each day.

**Order Fruit Trees** — If you are going to set out some fruit trees next spring, Carl Bittner, Penn State extension pomologist, suggests placing your order now with a reliable nursery.

**Sell Lazy Birds** — Hens that refuse to lay have no place in the poultry flock. Harry Kauffman, Penn State extension poultry specialist, recommends selling them as market birds.

**DIES OF INJURIES**

# ALASKAN TOWN BENEFITS BY CHURCH HELP

BEAVER, Alaska (AP) — This little Arctic Circle village is more snug and happy than it has been for years because friendly church workers from all parts of the United States answered its appeal for help.

A work camp of the American Friends Service Committee made a summer job of rehabilitating the community, mainly through building log cabins.

Beaver, founded in 1910 by a Japanese trader, was originally a point of supply on the Yukon River for the Chandalar gold mines. Gold mining declined. The community turned to trapping. Fur prices dropped. Tuberculosis sapped the people's strength. In recent years the village has been largely on relief.

**Appealed For Help**

Moses Cruikshank, a resident, appealed for help. He said poverty and poor health had left the village without manpower, which made it difficult to improve living conditions. Their homes were drafty, overcrowded and in danger of being undermined by the Yukon River.

A group of young church volunteers — men and women — flew north. They worked 48-hour weeks, without pay, sawing lumber, building houses and driving tractors in the work camp.

In a large log cabin loaned by a trader the group cooked, ate and gathered in the evenings. They slept in three canvas huts.

Dr. John Ferger, Dryden, N.Y., was the camp leader. When he wasn't doing carpentry he maintained a clinic where his main job was pulling teeth.

**Built Eleven Cabins**

Only a couple of the campers had more than the most rudimentary skill in handling tools. Three well-trained men from the village taught the group how to build cabins.

No one grumbled or shirked when the work proved to be harder than practically anybody expected. Some of the girls, including the youngest, 17-year-old Anore Bucknell of Seattle, learned to drive tractors.

By the end of summer the crew completed 11 cabins and had begun two others. They left a supply of materials for the villagers to finish the remaining pair.

## Woman Killed In Crash With Bus

HARRISBURG (AP) — A Duncannon woman was killed and another was seriously injured Friday when their auto skidded on snow-covered U.S. 22 into the path of a Harrisburg Railways Co. bus two miles north of Harrisburg.

State police identified the dead woman as Mrs. Charlotte Sweigart. In unsatisfactory condition at Harrisburg's Polyclinic Hospital was Mrs. Sara Spence, 58, with multiple fractures and internal injuries.

Their auto skidded into the path of the northbound bus driven by Henry Ensminger, 47, of Harrisburg. Neither Ensminger nor his lone passenger, Mrs. Dorothy Henry, 50, of Harrisburg, were injured in the crash.

# MAYOR OF WEST BERLIN WANTS EARLY ACTION

By REINHOLD G. ENSZ

BERLIN (AP) — The West should deal with the whole German problem instead of merely reacting to Soviet schemes to gobble West Berlin, Lord Mayor Willy Brandt has advised.

Brandt urged Friday night that the Western powers counter Soviet Premier Khrushchev's plan to neutralize West Berlin in six months, with broad proposals on German unification. The West ought to act quickly because the Soviets "may put on pressure before the end of the six-month period," he said.

The dynamic Socialist mayor of 2,200,000 West Berliners who live 110 miles behind the Iron Curtain made his comments to foreign correspondents. He spoke after receiving firm assurances from many Western leaders of support against the Soviet demand.

**Will Reject Offer**

Diplomatic reports indicate the Western Big Three will reject Khrushchev's ultimatum — which the Soviet boss denies is an ultimatum. Foreign ministers of the North Atlantic Treaty Organization meet in Paris Dec. 16-18 and probably will work out the Western reply.

Khrushchev said Thursday West Berlin should be turned into a "demilitarized free city." He wants the 9,000 U.S., British and French troops here to withdraw while Communist East German troops and Soviet soldiers in the satellite state continue to surround the anti-Communist city.

**Nixon Nixes Plan**

Vice President Nixon of the United States, supporting Brandt's view, told newsmen in London Friday that "we already have two Germanys" and Khrushchev's plan "would give us three. It would only make the situation worse."

If the West fails to accept the Soviet plan, Khrushchev said, Russia will give East Germany control of supply lines to West Berlin. Any military action against East Germany—apparently including any Western effort to force through convoys to Berlin—would be treated as aggression against the entire Communist bloc, he declared.

# IKE BLAMES DULL KNIFE FOR TROUBLES

By MARVIN L. ARROWSMITH

AUGUSTA, Ga. (AP)—It was a grand Thanksgiving Day for the Eisenhowers — even though the President had a bit of trouble carving a 35-pound turkey.

He blamed it on a dull knife.

The President and the First Lady were joined at dinner by their son, Army Maj. John Eisenhower, his wife and their four children.

**Dine On Sun Porch**

Dinner was served on the sun porch of the President's vacation residence at the Augusta National Golf Club. It was a gay table with a centerpiece of chrysanthemums and yellow gladiolas.

The golden brown turkey was stuffed with a dressing of oysters and corn bread.

There also were heaping dishes of mashed potatoes and gravy, green peas, squash and cranberry sauce. For dessert—to the children's delight — there was ice cream.

**One Reporter There**

Only one reporter, representing all the others, was permitted to be on hand as the family started dinner. He gave this account:

The President, in a cheery mood and a bright green jacket the Augusta National members wear, pitched into the carving job with zest and a show of expertness—at first.

But he quickly ran into difficulty in trying to slice the meat from a big drumstick. Finally son John came to his help and held the joint while the President pared off the meat.

The trouble, Eisenhower decided, was the carving knife.

# TELLS OF HER LIFE IN CHINA

Miss Mary Myers, Hanover, a retired missionary nurse to China, was the guest speaker at the November meeting of the Abigail Kammerer Missionary Society of St. Paul's Lutheran Church Tuesday evening at the home of Mrs. Charles E. Ritter, Glenwyn Drive. Miss Myers, who served in China for 24 years, told of her life there, and incidents of the beginning and later rule of the Communists there. She related her experiences in China in her book, "My Hall of Memories."

Mrs. Mahlon Bucher, leader, introduced the topic, "Samajas Andhra Church." The opening devotions were in charge of Mrs. Milton Harner, Mrs. J. Walter Groce and Mrs. Bucher. Mrs. Alvin J. Groft, reported on the triennial missionary convention which she attended in Toronto, Canada. The guess package, given by Mrs. John Riley, was received by Mrs. Clinton Sentz.

Plans were made to hold a Christmas party and covered dish supper in connection with the next meeting on Tuesday, December 30, 6:30 p.m., at the church when members' families will be guests. There will be an exchange of gifts among the members and children.

**Improves After Surgery**

Mrs. Lloyd E. Crouse, Lumber St., is improving satisfactorily following surgery in the Polyclinic Hospital, Harrisburg, where she remains a patient.

Mr. and Mrs. William S. Duttera, E. King St., and Mr. and Mrs. Edward F. Hawk and daughters, Dolores and Sandi, Prince St., visited on Thanksgiving Day with Mrs. Hawk's brother-in-law and sister, Mr. and Mrs. Frank L. Stitely, and family, New Windsor R. 1.

Mrs. Charles E. Ritter, neighborhood chairman of the Littlestown Girl Scouts, has called a special meeting of the troop committee members and leaders for Monday evening at 7 o'clock in the engine house. Plans will be made for Christmas activities.

The annual Christmas party and covered dish supper of the Frances Segner Missionary Society of St. Paul's Church will take place Thursday at 6 p.m. in the church social hall. There will be an exchange of gifts and secret sisters will be revealed.

# NIXON DOES GOOD JOB ON LONDON VISIT

LONDON (AP)—Vice President Richard Nixon appeared today to have given a reinvigorating shot in the arm to British-American relations by his four-day visit here.

With Nixon and his party en route home, the Conservative Daily Telegram today summed up the visit this way:

"The vice president of the United States has proved himself a frank and engaging character. He has had much to tell us about his own country. He has had even more—and that of a consistently appreciative nature—to say about Britain.

**Betters Alliance**

"Mr. Nixon has, in passing by, done a good deal to cement the Anglo-American alliance. In fact, Mr. Nixon has done us good. He has treated us as friends and partners, entitled to understand the difficulties experienced by the United States as well as to realize that our own difficulties are not discounted by his countrymen."

Among results of the Nixon tour is that many responsible Britons gained an impression from his public and private statements that the Washington administration "has learned a lot about the international facts of life," said the Conservative Daily Mail.

Politicians — both Conservative and Socialist—seemed impressed with Nixon's air of sincerity whether he was talking about major international issues or his own political views.

Some cooks like to add a dash of ground coriander to applesauce that is to be served with pork chops.

# 10 Inches Of Snow Falls In 3 States; Rain And Sleet

By THE ASSOCIATED PRESS

A fast-moving snow storm, which left a blanket of white across the Midwest prairie lands before it moved eastward, dump heaviest falls of the season across wide areas today.

The storm, powered by strong winds, spread more than 10 inches of snow in some parts of New England, Pennsylvania, New York and Ohio.

The major snow area extended from northern New England across northern New York State and western Pennsylvania into the Upper Ohio Valley.

South of the snow belt, cold rain chilled Southern sections. Sleet pelted areas in between the snow and rain belts.

**Driving Hazardous**

Driving conditions were extremely hazardous in many parts of the storm-battered regions. Several persons were killed in traffic accidents due to the ice-slicked and snow-covered highways.

Traffic slowed in the big cities, such as Pittsburgh and Cincinnati, as the first major snow storm of the season hammered in midwinter style across a wide stretch from southwestern Ohio to central New York State and into New England.

**Frosty In South**

It was cold, too, not only in the storm belt but in the snow-covered sections of the country from the Rockies through the Midwest.

The South also was frosty as the icy air plunged into the Gulf Coast and temperatures dipped to near freezing and lower along the middle Gulf Coast.

Snow fell on Alabama as the southern edge of the storm, with near freezing temperatures, advanced into the northern part of the state late Friday.

Warm air clung to the Atlantic Coast region during the night. But it was retreating rapidly as the cold air moved southeastward across the Appalachians.

Temperatures were near 70 late Friday night along the Carolina coast. But at Asheville, in western North Carolina, it was chilly with snow flurries and readings in the 20s.

**Tides Above Normal**

It was below zero again in eastern North Dakota and northern Minnesota. Below freezing readings were reported southward into central sections of Texas and Louisiana. They were in the teens in northern Arkansas.

As the storm struck New England areas, the winds and tides rose. Winds of 40 to 50 m.p.h. and gusts up to 65 m.p.h. lashed some areas. Tides were two to three feet above normal.

**17 WAYS**
The Dale Carnegie Course
Will Help You

this training will help you to:

1 Develop courage and self confidence, destroy fear, eliminate feelings of inferiority.
2 Develop the ability to speak easily and effectively to individuals and groups, in business, clubs, and other organizations.
3 Increase your income. A poll of a group of graduates revealed that 71% of the group reported increases in income while they were taking the Dale Carnegie Course, or within a year afterward.
4 Increase your poise, polish and personal force, both in business interviews and in social contacts.
5 "Sell" yourself, your service, your product, your ideas, your enthusiasm to those with whom you come in contact.
6 Win more friends by applying the principles set forth in the book, How to Win Friends and Influence People.
7 Become a leader in your community, your business, your profession.
8 Get more out of life by applying the principles taught in the book, How to Stop Worrying and Start Living.
9 Increase your vocabulary and give you a richer, more accurate command of the English language.
10 Write more effective letters.
11 Improve your memory.
12 Become a more interesting conversationalist.
13 Increase your ability to get cooperation from subordinates and to deal effectively with superiors, associates, customers, patients, clients. John D. Rockefeller Sr. said: "I will pay more for the ability to deal with people than for any other ability under the sun."
14 Make your home life happier. Become a better husband, wife, parents, friend or neighbor.
15 Broaden your interests and increase your knowledge. You will listen to from 1,000 to 1,500 short talks — talks that will jar you out of your rut and inspire you with new ideas.
16 Enlarge your circle of friends by association in the course with other ambitious men and women. You will form friendships that will last a lifetime.
17 Develop your latent powers, improve your personality and enrich your life.

## Taneytown

# THANKSGIVING ORIGIN TOLD TO LIONS CLUB

A historical talk by the Rev. William N. Hendricks on the origin of Thanksgiving among the Pilgrims and Indians of the Bay Colony in the year 1621 highlighted the meeting of Taneytown Lions Tuesday evening in Taney Inn. Frank T. Dunham, president, presided and Kenneth R. Gibbs had charge of program.

Zone Chairman Harry B. Dougherty, Taneytown, presented 10-year perfect attendance pins to Homer Y. Myers, Harry I. Reindollar, Norman R. Sauble and Kenneth C. Shorb.

Murray M. Baumgardner reported on the favorable reception accorded by the county commissioners to his PTA committee's plea in behalf of the high school's special equipment needs.

A club attendance award plaque for the third successive year of 100 per cent attendance, received from Lions International, Chicago, was unveiled by the president before members and guests.

The Rev. Mr. Hendricks is minister of the Taneytown and Emmitsburg Presbyterian churches, having been graduated from Pennsylvania State University and Pittsburgh's Xenia Seminary. His message recalled many little known facts about how Thanksgiving came to be the legal holiday it is now. It began, in a sense, with the persecution of our Pilgrim forefathers by the Puritans, causing them to flee England for Leyden, Holland, eventually heading for America in the Mayflower, a ship but 24 by 50 feet yet carrying 110 persons.

Touchnig at Provincetown, the speaker said, they sailed across the bay to Plymouth, named after the English port where they had lain at anchor for a month prior to sailing in 1620 on August 18 for a 128-day crossing.

After a hard winter in which half had died by March 1, a bountiful harvest from 20 acres of corn and six of barley was reaped and none of the Pilgrims wanted to return to England the following November.

Their blessings were so patent in their eyes, the Rev. Mr. Hendricks said, that they must give thanks to God, 53 whites in company with 91 Indians, headed by Massasoit, red tutor in the art of growing maize, and for five days the first Thanksgiving began each morning with a period of worship.

## Former PSU Dean Dies Wednesday

UNIVERSITY PARK, Pa. (AP) —Funeral services will be held in Birmingham, Iowa, Monday for Dr. Harold K. Wilson, 58, associate dean of admissions for research and development at Pennsylvania State University.

Dr. Wilson died at his home here Wednesday night.

A native of Clarke County, Mo., Dr. Wilson formerly headed the agronomy program at the university. He was dean of men from 1949 to 1952.

# INDIAN SAYS HE KILLED TWO YANK HUNTERS

MIAMI, Fla. (AP) — Police today checked the story of a Mohawk Indian who said he and a companion killed two persons in Canada — a crime for which another man was hanged two years ago.

Francis Gilbert Thompson, 35, said he is a full-blooded Canadian Mohawk Indian and hates white men.

Police said a companion, Johnny Greene, implicated by Thompson in the double slaying at Bay Gasp New Brunswick, escaped when Thompson was picked up Wednesday for prowling. Greene is still being sought.

**Cut Up Bodies**

Thompson said Friday he and Greene killed Richard Lindsey, 17, and his father, Eugene Lindsey, 45, of Hollidaysburg, Pa., in the fall of 1953.

Police quoted Thompson as saying he killed the father with a rifle and Greene shot the son. He said he and Greene cut up the bodies with the victims' hunting knives and then split $600 which they took from the victims.

Thompson said he and Greene left the area in a jeep which they later dumped into the St. Lawrence River.

**Crackpot Confession**

Wilbur Coffin, a Canadian prospector, went to the gallows in 1956 protesting his innocence in the slaying of the American hunters for whom he was a guide.

Montreal authorities said there have been a number of "crackpot confessions" in the Bay Gaspe murders.

Miami detectives asked Thompson questions prepared by Montreal Police.

Detective Warren Holmes, Miami police polygraph expert who listened in one the questioning, said:

"He doesn't seem like a crackpot. He wasn't crossed up on any of the questions."

TOKYO (AP) — The United States and Japan will resume negotiations next week on revision of their 1951 security treaty, Foreign Minister Aiichiro Fujiyama said today.

The talks between Fujiyama and U.S. Ambassador Douglas MacArthur II formally opened Oct. 6. They reportedly were still in an exploratory stage after two meetings when they were suspended Oct. 22.

## Change Of Venue Plea Is Refused

NORRISTOWN (AP) — Mrs. Ethel Kravitz, charged with the July 4 murder of her husband, Max, must face trial in Montgomery County Common Pleas Court.

The court refused her plea for a change of venue.

Her attorney, William L. O'Hey Jr., contended Friday that prospective jurors would be influenced by a series of articles in the Philadelphia Daily News, which is circulated in Montgomery County.

Mrs. Kravitz has pleaded innocent to the shooting of her husband in their Wynnewood home.

# LEAVES BABY ON DOORSTEP

PHILADELPHIA (AP) — Police report a 33-year-old unwed mother has admitted she lef her day-old son on the rear step of a Catholic convent.

The woman, identified as Nancy McGinn, was picked up when officers noticed her loitering in the vicinity of the convent school yard.

Nuns returning from mass early Thanksgiving morning found the infant wrapped in a sheet and lying in a cardboard box on their doorstep. They baptized the youngster, naming him John, in honor of the new pope.

The mother was quoted as saying she delivered the child herself in her home a short distance from the convent. She said she intended to reclaim the baby later.

She told officers her elderly father had a serious heart ailment and she wanted to keep him from learning of the baby's birth. She was charged with abandoning the child.

The baby is reported in excellent health at Philadelphia General Hospital.

# BUY BENZENE FROM RUSSIA

NEW YORK (AP) — The Dow Chemical Co. is buying about 54 million gallons of benzene from the Soviet government at a price well below the U.S. market average.

The company, announcing the agreement Friday, said it made the deal partly because of its "economic advantages." The reference apparently was to the reported purchase price of 24 or 25 cents a gallon. The current price of domestic benzene is 31 cents a gallon.

The contract, under which Dow will pay about 13½ million dollars to the Soviet government, appeared to be a major success by Russia in its attempt to penetrate the American market with raw materials at reduced prices.

The company also said another reason favoring the agreement was that the contract assured a dependable supply of benzene in the near future. In the past, Dow said, domestic supplies have been erratic and sometimes seriously inadequate.

Industry sources agreed that this was sometimes true, but said that at present there is an oversupply of domestic benzene.

PHILADELPHIA (A) — The Rev. Luther F. Schlenker, 44, Perkasie, has been assigned to help administer the reorganization of the Lutheran Ministerium of Pennsylvania.

The duty will come under his new title of assistant to Dr. Charles M. Cooper, president of the ministerium. The 550 congregation of the ministerium, which embraces most of eastern Pennsylvania, have been grouped into 1 regional districts instead of seven large conferences.

# IKE PULLING FOR ARMY OVER NAVY ELEVEN

By MARVIN L. ARROWSMITH

AUGUSTA, Ga. (AP)—President Eisenhower, a football player years ago at West Point, is pulling privately for Army to beat Navy today.

He is doing his rooting privately because as president he also is commander in chief of all the armed forces — and as such maintains an official neutrality.

Eisenhower hasn't attended an Army-Navy varsity game since he became president because, friends say, he feels sure he would forget about impartiality and cheer for his alma mater.

The President may watch today's game at Philadelphia on television — in the comfort of his vacation residence at the Augusta National Golf Club. Or he might pass up the game in favor of a round of golf — as he has done in some other years.

**Promising Halfback**

In his student days Eisenhower was a promising halfback until he injured his knee in 1912, his second year at West Point. That injury — which still bothers him occasionally — ended his gridiron career.

The President planned to take it generally easy today, with one major business conference just behind him and another coming up Sunday.

He met all morning Friday with top Pentagon and Budget Bureau officials on planning defense spending for the fiscal year starting July 1.

After that session Secretary of Defense McElroy left open the possibility military expenditures will run a billion dollars more in that year than the estimated $40,800,000,000 this year.

Sunday the President will confer here with Secretary of State Dulles. They will discuss the Berlin picture and other international problems.

# A. RODZINSKI DIES THURSDAY

BOSTON (AP) — Artur Rodzinski, one of the world's great symphony conductors—and one of the most temperamental—died Thursday night at Massachusetts General Hospital of a heart ailment.

Although references gave his age as 64, his widow, Halina, his second wife, said he was 66.

Rodzinski conducted most of the country's major orchestras, but his tenure with them often ended in stormy battles with their management.

**Born In Dalmatia**

Rodzinski's final performance was in Chicago, where 10 days ago he presented Wagner's "Tristan and Isolde" with the Lyric Opera Company in a triumphant return to the podium in the city where he was abruptly dismissed 10 years ago as conductor of the Chicago Symphony.

Rodzinski was born in the small town of Spalato in Dalmatia, of Polish parents. He spent his boyhood in Lvov in southern Poland, now part of the Soviet Union. His father was a surgeon with the Russian army.

He first came to the United States in 1925 and became a naturalized citizen in 1933.

Rodzinski was playing the piano at 6 and pursued his musical career with fanatical devotion all his life.

## Frankfurter Has Heart Condition

WASHINGTON (AP) — A mild heart disturbance has sent Supreme Court Justice Felix Frankfurter to a hospital for rest and observation.

A brief announcement from his office Friday said the justice was resting comfortably, and that his doctors were pleased with his progress. He entered the hospital earlier in the week for a check on the heart disturbance, the statement said, after he had complained of not feeling well.

Frankfurter, who was 76 on Nov. 15, is the oldest of the court's nine members. He has held his post since Jan. 30, 1939.

# DEMS HOPE TO KEEP CONTROL FOR FIVE YEARS

WASHINGTON (AP) — Democratic campaign strategists said today their margin of Senate control is so great it is highly unlikely the Republicans could overturn it before 1963.

They added a strong GOP tide would have to be running both in the 1960 and 1962 elections to give the Republicans a chance of taking over Senate leadership even four years hence.

The addition this week of two more Democratic senators from Alaska swelled further the confidence already expressed along those lines by the party's campaign leaders.

The Alaska sweep gave the Democrats 64 senators as against 34 for the Republicans, just two shy of two-thirds.

Although the new Congress will not take office until January, the Senate campaign committees of both parties already are beginning to make their estimates and plans for the congressional voting in 1960.

Unlike 1958, the Democrats will have many more seats at stake in the 32 Senate contests two years hence. But even so, the mathematics of the situation remains favorable to the Democrats.

Of the 21 majority party seats that will be at stake in 1960, 10 are in Southern states where the Republicans often do not even make nominations. Three others are in border states — West Virginia, Oklahoma and New Mexico — which most often are Democratic.

Thus the Democratic strategists argue that they have only eight seats which are in the doubtful column in the next election.

# Prisoners Send Gifts And Money To Girl In Greece

SAN QUENTIN, Calif. (AP)—A 10-year-old girl who lives in a remote mountain village in Greece will get a letter, gifts and money for a big Christmas party from her 5,000 "dads" in the United States—but no visit.

The "dads" are San Quentin Prison convicts.

The men "adopted" Diamanto Samartzi in September through Foster Parents Plan, Inc., a New York charity organization. They donated $1,400 for her support, from which she gets $15 a month.

For a Christmas party the little girl will get $25 extra from the fund which will buy quite a bit in Greece.

**Handmade Gifts**

"It's something like handing a kid $25 to go the candy store," a prison official said.

A Christmas package will contain presents, mostly handmade by the prisoners.

San Quentin officials said the biggest problem was to keep the convicts from going overboard on Diamanto's Christmas.

"A lot of them wanted to send their own money,' said Associate Warden Walter Achuff, "and a good many asked if they couldn't have their families send money.

"We had to turn them down, because Foster Parents Plan feels the needy children should be treated as nearly equally as possible."

Diamanto wrote her San Quentin "fathers" recently, describing her small village. "I'll keep praying every day for you," she wrote.

CREATION OF MUNICIPAL AUTHORITY, BOROUGH OF NEW OXFORD
ORDINANCE NO. 186

An Ordinance of the Borough of New Oxford, Adams County, Pennsylvania, signifying the intention of the said Borough to organize a Municipal Authority under the Act of 1945, May 2, P.L. 382, Sec. 3, as amended.

BE IT ENACTED AND ORDAINED by the Burgess and the Borough Council of New Oxford, Adams County, Pennsylvania, and it hereby is enacted and ordained by the authority of the same, that the Borough of New Oxford as a Municipal Authority intends to organize an Authority under the "Municipality Authorities Act of 1945" under the Act of 1945, May 2, P. L. 382, to be known as NEW OXFORD MUNICIPAL AUTHORITY; that said New Oxford Municipal Authority shall be organized and created, and incorporated under the aforesaid Act of 1945, as a body corporate and politic, and shall be for the purpose of acquiring, holding, constructing, improving, maintaining and operating, owning, leasing, either in the capacity of lessor or lessee, projects of the following kind and character, buildings to be devoted wholly or partially for public uses, and for revenue producing purposes: Sewers, sewer systems or parts thereof, sewage treatment works, including works for treating and disposing of industrial waste, water works, water supply works, water distribution systems.

Said Authority shall have and may exercise all powers necessary or convenient for the carrying out of the aforesaid purposes, including but without limiting the generality of the foregoing, the following rights and powers:

(a) To acquire, purchase, hold, lease as lessee and use any franchise, property, real personal or mixed, tangible or intangible, or any interest therein necessary or desirable for carrying out the purposes of the Authority, and to sell, lease as lessor, transfer and dispose of any property or interest therein at any time acquired by it.

(b) To acquire by purchase, lease or otherwise, and to construct, improve, maintain, repair and operate projects.

(c) To fix, alter, charge and collect rates and other charges in the area served by its facilities, both water and sewer, at reasonable and uniform rates to be determined exclusively by it, for the purpose of providing for the payment of the expenses of the Authority, the construction, improvement, repair, maintenance and operation of its facilities and properties, the payment of the principal of and interest on its obligations, and to fulfill the terms and provisions of any agreements made with the purchasers or holders of any such obligations, or with the municipality incorporating or municipalities which are members of said Authority or with any municipality served or to be served by said Authority, and to determine by itself exclusively the services and improvements in the areas served.

(d) To charge the cost of construction of any sewer constructed by the Authority against the properties benefited, improved or accommodated thereby to the extent of such benefits. Such benefits shall be assessed in the manner provided by section eleven of this act for the exercise of the right of eminent domain.

(e) To charge a tapping fee whenever the owner of any property connects such property with a sewer system constructed by the Authority which fee shall be in addition to any charges assessed and collected against such property in the construction of such sewer by the Authority or any rental charges assessed by the Authority.

Enacted and ordained into an Ordinance this 5th day of May, 1958.

RESOLUTION

A RESOLUTION PROHIBITING THE ACCUMULATION, COLLECTION AND DUMPING OF GARBAGE, REFUSE AND RUBBISH IN MOUNT JOY TOWNSHIP, ADAMS COUNTY, PENNSYLVANIA, AND THE ESTABLISHMENT AND MAINTENANCE OF PUBLIC OR PRIVATE DUMPS THEREIN AND PRESCRIBING PENALTIES.

The Board of Supervisors of Mount Joy Township, Adams County, Pennsylvania, hereby ordains as follows:

Section 1. No person, association, firm or corporation shall hereafter accumulate, collect or dump, nor shall he, they or it permit the accumulation, collection or dumping of any garbage, offal, carcass, refuse, and/or rubbish of any type or kind whatever on any private or public property, including roads and highways in Mount Joy Township, Adams County, Pennsylvania, nor keep or suffer the same to remain on any public or private property therein owned, leased or otherwise occupied and/or controlled by him, them or it. No area, part or parcel of land within the Township, public or private, shall be used for the above prohibited purposes and acts; nor shall any garbage, offal, carcass, refuse or rubbish of any kind or nature whatever be transported in any manner over the public roads or highways in said Township for the purpose of dumping or accumulation within the Township.

Section 2. Any person, association, firm or corporation who or which shall violate any of the provisions of this Resolution shall, upon summary conviction thereof, be sentenced to pay a fine of not less than $10.00 nor more than $50.00, and costs of prosecution, and, in default of payment of such fine and costs, to imprisonment not more than ten days for each offense; provided, however, that each day's continuance of a violation shall constitute a separate offense.

Section 3. Each prohibited act and each of the other provisions of this Resolution is intended as independent and severable; and should any one or more of its provisions be declared invalid, the remaining portions shall continue in force and effect.

Enacted and ordained into a Resolution this 28th day of November, A.D., 1958.

# BRIDE, 14, HAS JOINED HUBBY IN ENGLAND

LONDON (AP)— Little Barbara Scruggs, 14-year-old bride of a U.S. Navy film projectionist, arrived to join her husband today and said she might try school in England.

Barbara married Norman E. Scruggs, 21, Kingston, Ga., three months ago. During his two-year duty tour she will be the youngest bride in Britain, where the minimum age for marriage is 16.

Mrs. Scruggs said she left school in White Plains, Va., before her marriage.

**"It's Just Great"**

"I miss it," she said. "I may go to school here but it depends on a lot of things."

Barbara, a slight figure just 4 feet 3, wore her hair in a pony tail topped by a black band with an eye veil.

Her husband was not at the airport because he did not know her arrival time.

"It's just great to be together again," said Norman as they embraced at a friend's apartment.

Norman is an electrician's mate, third class, attached to naval support headquarters in London.

"We're giving him the weekend off," a Navy spokesman said.

## Youth Is Killed In Auto Accident

SUNBURY, Pa. (AP) — A 22-year-old Sunbury man was killed early today when the car he was driving spun out of control on an ice-slicked road here and smashed into a bridge abutment.

Dead was James Scoviak. The lone passenger in the car escaped injury. He is Clark Focht, 22, of Sunbury.

Coroner Dr. Henry F. Ulrich said Scoviak was thrown from the car when it struck the abutment.

# TOWNSHIPS, TOWNS GAINED IN REVENUE DURING 1956

Adams County boroughs and second class townships reported increases in their total revenues for 1956, Genevieve Blatt, state secretary of internal affairs, announced today. Borough revenues, she said, increased by $14,845 over 1955 and second class township revenues increased $115,318. These statistics were contained in a Department of Internal Affairs' publication entitled "Adams County Local Government Financial Statistics — 1956."

The publication is the second of a new series which is designed to cover all municipalities of the Commonwealth, and which will be released as separate publications for each county.

The major share of borough revenues was provided by real estate taxes, with receipts totaling $108,343. This was 32.5 per cent of the total borough revenues of $333,524. The promary source of second class township revenue was from state aid to highways and real estate taxes were the second highest source. State highway aid, from the liquid fuels tax, amounted to $219,672 or 53.1 per cent of the total revenue of $414,384. Real estate tax receipts of $94,364 provided only 22.8 per cent of total revenue.

**In Good Condition**

Most of the second class townships relied on Act 481 for $35,270 of their revenue, with only six townships not levying a per capita tax under this law. Act 481 is the Act of June 25, 1947, providing for extensive local taxing authority and generally known as the "Local Tax Enabling Act" or the "Tax Anything Law." Littlestown was the only borough to levy taxes under this law, and its receipts from the amusement tax amounted to $2,061 and from the mechanical device tax, $106.

Expenditures for both the boroughs and the townships were considerably lower than revenues. Total expenditures for the boroughs amounted to $318,918, a $23,415 decrease from 1955. The second class townships expenditures increased $16,926 over 1955, for total expenditures of $350,147, but this was still $64,237 less than second class township revenue.

The indebtedness of the boroughs remained almost the same as in 1955. Bonded debt was $40,500, floating debt was $16,500 and remaining borrowing capacity was $700,725. Second class township bonded indebtedness increased from $12,625 to $40,750 and the floating debt declined from $7,071 to $2,000. Their remaining borrowing capacity increased to $1,023,114, an increase of $71,013.

Mrs. Amos Glass, 53, Gardners R. 1, was admitted to Carlisle Hospital on Wednesday after she suffered a fractured arm in a fall down the cellar steps.

# LANDING GEAR FAULTY; LANDS PLANE SAFELY

BOSTON (AP)—A calm United Air Lines captain landed a big DC6 plane on a blanket of foam Friday night after circling Logan International Airport for an hour while his flight engineer manhandled the wheels into landing position.

The plane, en route from Chicago, skipped a scheduled landing at Hartford, Conn., when the hydraulic system operating the landing gear failed to function.

There were 41 aboard, including the crew of four with Capt. Loras Diedrich, 37, Winfield, Ill., in command.

He brought the four-engined plane down smoothly in a three-inch thick blanket of foam spread by emergency crews for a slide in case the plane made a belly landing.

**No Panic Fright**

Passengers agreed there was no panic or obvious fright in the passenger compartment.

In the plane Flight Engineer Raymond Hackett, Chicago, moved a mountain of baggage and ripped up floor boards to get into the hydraulic pit where the wheel machinery is located.

He said he found faulty wires caused the trouble, but didn't have the equipment to make repairs in the air.

"I switched onto manual operation," he said. "As we circled Logan I lowered the wheels manually, using my hands and feet to do so."

## Send Big Balloon Into Stratosphere

TILLAMOOK, Ore. (AP) — A huge plastic balloon — described as the largest ever sent aloft — soared through the stratosphere over western Oregon today gathering cosmic ray dta.

The spheroid was released here Fridy by a five-man team from General Mills, Inc., of Minneapolis to study cosmic data for the Navy, It is unmanned.

A member of the launching crew, Tom Pawpas, said larger balloons have been built, but this is the biggest to be sent up. He said it was floating smoothly at an altitude of 25 miles.

The bag is 305 feet long and 223 feet in diameter. It was filled with more than four-million cubic feet of helium and carried 250 pounds of instruments.

**ROBS OFFICERS' CARS**

NORWALK, Calif. (AP) — Authorities said Feliciano Euribe broke into 10 cars in a parking lot and took everything he found of value.

Then Dep. Sheriff Thomas Vetter arrested him and Euribe found out exactly where he was. Vetter had just come off duty Friday and the parking lot was behind the sheriff's Norwalk substation.

All of the cars belonged to sheriff's officers.

**BOMB SCARE**

DALLAS, Tex. (AP)—About 150 passengers were delayed here Friday night while four aircraft were searched for possible bombs. None was found.

Add a little rum flavoring to the syrup you are using over pears to be baked. Serve with soft custard for a delightful dessert.

# LIONS MARK 29TH CHARTER ANNIVERSARY

The Emmitsburg Lions Club celebrated its 29th charter anniversary Tuesday evening in the Lutheran Church parish hall with its annual ladies' night and charter celebration. The club was chartered November 24, 1929.

The program committee in charge of the events for the evening consisted of Dr. D. L. Beegle, general chairman, Paul W. Claypool and C. Arthur Elder.

Approximately 60 Lions, their wives and guests opened the evenings celebration by singing "America," followed by the pledge to the flag. The invocation was given by Lion George L. Wilhide.

During dinner, music was played by Mrs. Carolyn McDonnell Eyler at the piano. Greetings and introduction of guests was performed by the toastmaster, Dr. Beegle.

Entertainment for the evening was by the Mt. St. Mary's College Glee Club, under the direction of the Rev. Fr. David W. Shaum. The glee club sang various selections throughout the evening and Mrs. William Strickhouser sang a holiday song accompanied by the glee club.

Following an address on Lionism by District Governor Russell H. Marsh, of Union Bridge, the group was entertained by the Acroteers, television and Steel Pier performers, from Biglerville. For the closing of the evening's celebration the national anthem was sung by the group.

Door prizes, consisting of holiday table arrangements, were awarded to Mrs. Russell Marsh, Mrs. Clarence Wilson, Mrs. Joseph Haley, Mrs. Ralph Lindsey, Mrs. Edith Harner, Mrs. Louis Hahn, Mrs. John Hollinger, Mrs. Allen Creager and Mrs. Robert Gillelan.

Among the guests present for the evening were District Governor Marsh and Mrs. Marsh; Mr. and Mrs. Clarence Wilson, Fairfield; Mr. and Mrs. Allen Creager, Thurmont, and Mr. and Mrs. Stonesifer, Taneytown.

## Two Parties Plan December Caucuses

HARRISBURG (AP) — Leaders of the house for the 1959 session of the Legislature opening Jan. 6, will be selected here in Republican and Democratic caucuses during the second week in December.

Rep. H.G. Andrews (Cambria) is expected to be named speaker by the Democratic House majority at the Dec. 9 caucus.

The Republicans meet Dec. 11. Speaker W. Stuart Helm (Armstrong) is expected to get a place in the steering committee with Rep. Albert W Johnson (McKean) retaining his place as Republican floor leader. Senate Republicans and Democrats have already held their organizing sessions.

## PSU Asking Funds For Student Loans

UNIVERSITY PARK, Pa. (AP) — Pennsylvania State University is seeking federal approval for prticipation in the National Student Loan Program.

Dr. Eric A. Walker, university president, said the program—approved under the 1958 National Defense Education Act — provides long term loans to worthy or needy students. The loans are administered through the college or university the student is attending.

Penn State will seek $116,250 for the balance of the 1958-59 academic year and $232,500 for each of the two succeeding years, Walker estimated.

**HEADS COLLEGE GROUP**

ATLANTIC CITY, (AP) — Dr. Millard Gladfelter, provost of Temple University in Philadelphia has been elected president of the Middle Atlantic States Assn. of Colleges and Secondary Schools.

Dr. Eric A. Walker, president of Penn State University, was named to the association's commission on institutions of higher learning.
